

TIPS:

Spend the Forma Soul ONLY if:

- You believe the unit will improve your general experience with various modes in the game (because nothing sucks worse than stuff you buy but don't use).
- You're able to provide all skills necessary to make a cohesive build inside and outside of Hall of Forms.
- You want to skip the 200 Divine Dew "tax" that usually comes with refined weapons.
- You just plain like the unit enough to make the purchase.

Skill selections should:

- Generally improve upon the unit's intended playstyle, best stats, and the effects their unique existing PRF skills offer.
- Typically be rare premium skills you can only find on high-rarity summonables. Premium +/- optimal though, so make sure it genuinely suits the unit.
- Exploits the exclusive effects of the unit's movement type (Savior skills are pretty much deadass on most Armors, for example, as are Bulwarks / Finishes / Tempos on Infantry, Holds on Fliers, etc).
- Generally NOT prioritize premium Assists as they are likely to be inconsequential to combat performance. Get them only as a good value finish-off or as a accompaniment for support builds.

WEAPONS: WIND PARTHIA

ASSISTS: ANY PREMIUM RALLIES, DOESN'T REALLY MATTER

SPECIALS: DEAD EYE, RUPTURED SKY

A-SLOTS: ATK/SPD CATCH 4, ATK/SPD UNITY, CLOSE REVERSAL, CLOSE SALVO

B-SLOTS: QUICK RIPOSTE 4, MYSTIC BOOST 4, [A/S, S/D, OR A/D] FAR TRACE, SEAL DEF 4, SPD PREEMPT

C-SLOTS: ATK/SPD HOLD, ATK/DEF HOLD, SPD/DEF HOLD, ATK/SPD OATH 4, SPD SMOKE 4, MENACES ARE OKAY

Needs the most re-kitting out of the four here (2020 flier skills, amirite). Invest high in Atk/Spd slots, and maybe either a little extra bulk or additional damage reduction effects if you're planning on running close countering builds. Quick Riposte 4 and Spd Smoke 4, for example, provide additional damage reduction where Wind Parthia's might not be enough.

WEAPONS: FLOWER HAUTECLARE

ASSISTS: ANY PREMIUM RALLIES, DOESN'T REALLY MATTER

SPECIALS: RUPTURED SKY, BLUE FLAME

A-SLOTS: ATK/DEF UNITY, DEF/RES UNITY, CLOSE DEF 4, DISTANT STANCE, DISTANT FEROCITY, ATK/DEF IDEAL

B-SLOTS: BLACK EAGLE RULE, HARDY FIGHTER

C-SLOTS: ANY NEAR OR FAR SAVE YOU CAN GET

As long as you roll refined Flower Hauteclaire, as well as either a Near or Far Save variant (and give an appropriate A-slot depending on melee or ranged fighting), Edelgard is generally pretty easy to please.

Avoid Guard-giving A-slots as Flower Hauteclaire already gives the effect. Hardy Fighter is mainly for A/D, if you care about that.

WEAPONS: MOON GRADIVUS

ASSISTS: ANY PREMIUM RALLIES, DOESN'T REALLY MATTER

SPECIALS: RUPTURED SKY, BLUE FLAME, VITAL ASTRA

A-SLOTS: DEF/RES UNITY, DEF/RES FINISH, ATK/SPD FINISH, ATK/RES FINISH, BRACING STANCE 3, STURDY STANCE 3, STEADY POSTURE 3

B-SLOTS: BLUE LION RULE

C-SLOTS: ATK SMOKE 4, DEF/RES SMOKE 3, CANTO CONTROL, JOINT DRIVE DEF OR ATK, DEF-BASED MENACES, SPD SMOKE 4

Largely only needs his refined weapon and a premium defensive C-slot out of this event. To combat widespread penalty inducing methods (thanks Yune) and raise magical bulk, Def/Res Unity is the star A-slot pickup. The Finish skills are fantastic generally.

Vital Astra and Spd Smoke are pretty funny damage reduction methods that actually do considerable work versus slower enemies. However, you want to invest in other Spd-boosting passives and support allies to justify actually using those seriously.

WEAPONS: DARK SPIKES T

ASSISTS: ANY PREMIUM RALLIES, DOESN'T REALLY MATTER

SPECIALS: BLUE FLAME, RUPTURED SKY, BLAZING SPECIALS

A-SLOTS: LIFE AND DEATH 4, ATK/SPD UNITY, SWIFT SPARROW 3

B-SLOTS: SPECIAL SPIRAL 4, SPD/RES TEMPO

C-SLOTS: TIME'S PULSE, ATK/RES MENACE, ATK/SPD MENACE, ATK/SPD OATH 4

Getting Special Spiral to continually snowball Specials (especially AOE and Luna) is the main pickup here. Atk/Spd Oath 4 is universal as always, but since Dark Spikes already offers improved mobility/teleportation to nearby allies, it might interest you to look into other C-slot choices with less redundant effects. Time's Pulse cuts down on Special precharge requirements, making it a far preferred C-slot, too.

Contrary to their otherwise popular use on Infantry mages, Atk/Spd Ideal and Atk/Spd Finish (unless you're running the Fury Sacred Seal with that) are not too hot on Lysithia due to Dark Spikes T actively requiring her to be below 100% HP.

Skill 1prentice Hall

Gillian Watson,Stefanie Reissner

Skill 1prentice Hall:

Skills Mania Bob Davis,2000 In Skills ManiaBob Davis argues passionately that the emphasis in the secondary school classroom must shift from a technocratic skills based approach to teaching and discussion that focuses on real substantive issues He also calls for a new emphasis on the teaching of history a practice that has been sadly lacking in recent years Two central qualities warm up this book first the story is told through the author s own teaching and second the author presents us with an original and frank point of view This is a stirring engaged and practical book

Information Communication Occupations; a Suggested Curriculum Guide United States. Office of Education,1970 *Develop Management Skills* James Carlopio,Graham Andrewartha,David Whetten,Kim Cameron,2012-03-23 Develop the personal interpersonal and group skills vital to achieving outstanding success in today s workplace with Developing Management Skills A Comprehensive Guide for Leaders Carlopio s hallmark five step learning approach self assessment learning analysis practice and application and its modular structure help you tailor your study to the areas you need to focus on This practical hands on style resources incorporates in text exercises and role playing assignments and is further supported by a Companion Website that includes self assessment exercises and additional online chapters on communication skills Developing Management Skills 5th Edition is suitable for undergraduate or post graduate courses with a specific focus on managerial skills such as capstone courses leadership or communication skills It is also well suited to corporate professional development training courses or simply as a resource for professionals seeking to become better managers Overall it is an excellent mix of theory and practical reality I congratulate the authors for their valuable and ongoing contribution to management education and development in the Asia Pacific region Peter J Dowling PhD LFAHRI FANZAM Professor of International Management and Strategy La Trobe University Melbourne

From Principles of Learning to Strategies for Instruction Robert J. Seidel, Kathleen C. Perencevich, Allyson L. Kett, 2005 The purpose of this volume is to help educators and training developers to improve the quality of their instruction Unlike other books which have appeared so far this volume is not limited to a particular theoretical position Nor is it like many of the instructional design texts which ignore the learning literature Rather it draws upon any and all of those research based principles regardless of learning theory which suggest heuristics to guide instructional strategies The approach of the authors is unique in that they develop a framework or model taxonomy for tasks through which the principles of learning can be related to particular learning processes suggesting distinctive strategies for specific instructional tasks The authors present a four stage model that includes Acquisition Automaticity Near Term Transfer and Far Term Transfer The book is a practical guide for developing instructional strategies across the four principal domains cognitive affective psychomotor and interpersonal and is backed by empirically supported learning principles It is useful both to the experienced as well as the novice developer e g the student The current volume strikes a nice balance between theory and practice and provides a straightforward model of instruction that is easily connected with relevant research but equally easy to apply to instructional development projects The detailed treatment of the interpersonal domain and the emphasis on technology integration clearly distinguish the book as a modern treatment of instructional development that goes well beyond traditional instructional system development models Therefore this volume should provide a well grounded and useful tool for instructional developers From the Preface by Michael Spector Florida State University This book represents a major milestone in the literature on learning because it brings together research from the fields of psychology education and the training in a format which is highly useful to practitioners It will be very valuable to teachers trainers students and researchers alike Greg Kearsley University of Wisconsin Madison and UMUC University of Maryland
