Evolution Challenges Karl S. Rosengren, 2012-04-25 This book goes beyond the science versus religion dispute to ask why evolution is so often rejected as a legitimate scientific fact focusing on a wide range of cognitive socio cultural and motivational factors that make concepts such as evolution difficult to grasp **Evolution Education Re-considered** Ute Harms, Michael J. Reiss, 2019-07-16 This collection presents research based interventions using existing knowledge to produce new pedagogies to teach evolution to learners more successfully whether in schools or elsewhere Success here is measured as cognitive gains as acceptance of evolution or an increased desire to continue to learn about it Aside from introductory and concluding chapters by the editors each chapter consists of a research based intervention intended to

enable evolution to be taught successfully all these interventions have been researched and evaluated by the chapters authors and the findings are presented along with discussions of the implications The result is an important compendium of studies from around the world conducted both inside and outside of school The volume is unique and provides an essential reference point and platform for future work for the foreseeable future

Higher Education: Handbook of Theory and Research Michael B. Paulsen, 2018-04-06 Published annually since 1985 the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities Each chapter provides a comprehensive review of research findings on a selected topic critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic The Handbook focuses on a comprehensive set of central areas of study in higher education that encompasses the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community Each annual volume contains chapters on such diverse topics as research on college students and faculty organization and administration curriculum and instruction policy diversity issues economics and finance history and philosophy community colleges advances in research methodology and more The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world

Inclusive Leadership Joanne Barnes, Michael J. Stevens, Bjørn Zakarias Ekelund, Karen Perham-Lippman, 2023-10-16 Inclusive Leadership speaks to the human side of organization and communities Both practitioners and academics provide insights that broaden our traditional view of diversity issues into a perspective focused on better understanding the theory and practice of inclusive leadership

Evidence-based Approaches to Relationship and Marriage Education James J. Ponzetti, Jr., 2015-07-16 This is the first book to provide a comprehensive multidisciplinary overview of evidence based relationship and marriage education RME programs Readers are introduced to the best practices for designing implementing and evaluating effective RME programs to better prepare them to teach clients how to have healthy intimate relationships Noted contributors from various disciplines examine current programs and best practices often

by the original developers themselves Readers learn to critically appraise approaches and design and implement effective evidence based programs in the future Examples and discussion questions encourage readers to examine issues and apply what they have learned The conceptual material in Parts I II provides critical guidance for practitioners who wish to develop implement and evaluate RME programs in various settings Chapters in Parts III IV follow a consistent structure so readers can more easily compare programs program overview and history theoretical foundations needs assessment and target audience program goals objectives curriculum issues cultural Implications evidence based research and evaluation and additional resources This book reflects what the editor has learned from teaching relationship development and family life education courses over the past decade and includes the key information that students need to become competent professionals Highlights of the book s coverage include Comprehensive summary of effective evidence based RME training programs in one volume Prepares readers for professional practice as a Certified Family Life Educator CFLE by highlighting the fundamentals of developing RME programs Describes the challenges associated with RME program evaluation The book opens with a historical overview of RME development It is followed by 20 chapters divided in six parts The initial four chapters focus on fundamentals of relationship and marriage education program development required training delivery systems and implementation The three chapters in Part II consider important conceptual and theoretical frameworks used in RME Part III considers best practices in inventory based programs while Part IV examines six skills based programs The chapters in Parts III and IV consider program overview and history theoretical foundations needs assessment and target audience program goals and objectives curriculum issues cultural implications evidence based research evaluation and additional resources This content covers four categories of effective programs design and content relevance delivery and implementation and assessment and quality assurance Part V presents evidence based RME with diverse groups and Part VI reviews future directions Intended for use in advanced undergraduate or graduate courses in relationship and marriage education family life education marriage and relationship counseling therapy intimate relationships relationship development or home school community services taught in human development and family studies psychology social work sociology religion and more this ground breaking book also serves as a resource for practitioners therapists counselors clergy members and policy makers interested in evidence based RME programs and those seeking to become Certified Family Life Educators or preparing for a career in RME

Approaches to Qualitative Research in Mathematics Education

Angelika Bikner-Ahsbahr, Christine Knipping, Norma Presmeg, 2014-11-26 This volume documents a range of qualitative research approaches emerged within mathematics education over the last three decades whilst at the same time revealing their underlying methodologies Continuing the discussion as begun in the two 2003 ZDM issues dedicated to qualitative empirical methods this book presents a state of the art overview on qualitative research in mathematics education and beyond The structure of the book allows the reader to use it as an actual guide for the selection of an appropriate methodology on a

basis of both theoretical depth and practical implications The methods and examples illustrate how different methodologies come to life when applied to a specific question in a specific context Many of the methodologies described are also applicable outside mathematics education but the examples provided are chosen so as to situate the approach in a mathematical context
