To Rule the Waves Bruce Jones, 2022-11-22 From a brilliant Brookings Institution expert an important The Wall Street Journal and penetrating historical and political study Nature of the critical role that oceans play in the daily struggle for global power in the bestselling tradition of Robert Kaplan's The Revenge of Geography For centuries oceans were the chessboard on which empires battled for supremacy But in the nuclear age air power and missile systems dominated our worries about security and for the United States the economy was largely driven by domestic production with trucking and railways that crisscrossed the continent serving as the primary modes of commercial transit All that has changed as nine tenths of global commerce and the bulk of energy trade is today linked to sea based flows A brightly painted forty foot steel shipping

container loaded in Asia with twenty tons of goods may arrive literally anywhere else in the world how that really happens and who actually profits from it show that the struggle for power on the seas is a critical issue today Now in vivid closely observed prose Bruce D Jones conducts us on a fascinating voyage through the great modern ports and naval bases from the vast container ports of Hong Kong and Shanghai to the vital naval base of the American Seventh Fleet in Hawaii to the sophisticated security arrangements in the Port of New York Along the way the book illustrates how global commerce works that we are amidst a global naval arms race and why the oceans are so crucial to America s standing going forward As Jones reveals the three great geopolitical struggles of our time for military power for economic dominance and over our changing climate are playing out atop within and below the world s oceans The essential question he shows is this who will rule the waves and set the terms of the world to come

Comeback Paul Ingrassia, Joseph B. White, 2013-05-14 In **Comeback** Pulitzer Prize winners Paul Ingrassia and Joseph B White take us to the boardrooms the executive offices and the shop floors of the auto business to reconstruct in riveting detail how America s premier industry stumbled fell and picked itself up again The story begins in 1982 when Honda started building cars in Marysville Ohio and the entire U S car industry seemed to be on the brink of extinction It ends just over a decade later with a remarkable turn of the tables as Japan s car industry falters and America s Big Three emerge as formidable global competitors **Comeback** is a story propelled by larger than life characters Lee Iacocca Henry Ford II Don Petersen Roger Smith among many others and their greed pride and sheer refusal to face facts But it is also a story full of dedicated unlikely heroes who struggled to make the Big Three change before it was too late
