[The Cold War - Part 2](#) , Communists and capitalists united in World War II to defeat the Axis powers But following victory in 1945 the allies became adversaries The world s two great superpowers the United States and Soviet Union locked in a dramatic showdown over ideology vision and freedom that would persist for five decades Under the omnipresent threat of nuclear holocaust the Cold War became the defining conflict of the twentieth century The second of two parts this documentary program chronicles the unrest within the Soviet bloc the Cuban Missile Crisis proxy wars in Vietnam and elsewhere Detente the Reagan Gorbachev era and the collapse of the Soviet Union and liberation of its communist satellite states

The Strategic Defense Initiative and the End of the Cold War - Report on SDI, Star Wars, President Reagan, Fall of the Soviet Union, Gorbachev, Teller, ABM Treaty, and Reykjavik Summit Department of Defense, Naval Postgraduate School, U. S. Government, 2017-09-16 This is a fascinating historic analysis of the fall of the Soviet Union and the end of the Cold War The Cold War s end was sudden unpredictable and the seminal event of the latter half of the twentieth century Since the disintegration of the USSR debate has centered on whom or what was responsible for the end of the conflict Perhaps no issue is as controversial as the role the U S Strategic Defense Initiative SDI played in ending the Cold War Today there are three main schools of thought concerning SDI s impact on the end of the Cold War The first sees the Strategic Defense Initiative as a primary factor in ending the conflict Another argues the initiative extended the Cold War by creating one more hurdle to the negotiations between the two superpowers A third school holds that while SDI had a positive impact on ending the Cold War it was a secondary factor The third school s

position is best supported by the available evidence All of the arguments stem from several key questions The central issue concerns the question What drove Gorbachev s decision to exit the Cold War This thesis rephrases that question more narrowly What were the primary influences that motivated Gorbachev to sign the Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Elimination of Their Intermediate Range and Shorter Range Missiles INF Treaty which arguably ended the conflict and to what degree were they instrumental in its signing Additional questions that will be addressed include the following Did either the Soviet Union s investment in developing countermeasures to the U S defense initiative or its own ballistic missile defense BMD system severely strain the Soviet economy Did Soviet fear of losing a new arms race in light of their economic and technological backwardness as compared to the West push them to negotiate Were there other factors that would have driven Gorbachev to exit the Cold War regardless of the Strategic Defense Initiative
