Zimbabwe Catholic Liturgical Guide Of 24:

Zimbabwe National Bibliography ,1986 **Catholic Almanac's Guide to the Church** Matthew Bunson,2001-10-31
Your Concise Guide to All Things Catholic No matter what you want to know about the Catholic Church you ll find the answer in this one volume guide From the composition of the Curia to contemporary saints from major doctrines to the Third Secret of Fatima if it s part of the Catholic world it s here **Regime, Religion and the Consolidation of Zanu-PFism in Zimbabwe** Bekithemba Dube,2023-12-14 This collection focuses on the role of religious leaders and religious institutions in supporting or resisting the democratization process in Zimbabwe It scrutinizes the actions of religious leaders such as Andrew Wutawunashe and Jeremiah Mutendi who were prominent in the political scene and participated as enablers of the undemocratic regime The contributors to this volume employ a variety of methodological approaches to understand the operational dilemma of the second republic under Emmerson Dambudzo Mnangagwa commonly referred to as Zanupfism It is an empirical study to determine the impact of religious leaders as regime enablers and assess the effects of such an approach in terms of social development democracy and social transformation as espoused in the rise of the second republic In order to balance the narrative the book highlights and offers critique of religious leaders and institutes who are the resistors of the regime It specifically explores the Zimbabwe Catholic Bishops Conference Evangelical Fellowship of Zimbabwe Zimbabwe Council of Churches Talent Chiwenga and Shingi Munyeza This is a critical study of decoloniality in a religious context that documents characters such as Shingi Mayeza Bishop Mutendi Mapostori who seldomly appear in scholarship despite their great impact either positive or negative on the lives of the people of Zimbabwe **The Catholic Periodical and Literature Index** ,2008 Christian Theological Education and the Response to the Crisis in Zimbabwe Bekithemba Dube,Gift Masengwe,2025-10-02 The book offers an incisive examination of the governing philosophy of the Zimbabwe African National Union Patriotic Front ZANU PF referred to as Zanupfism characterizing it as marked by callousness and malevolence towards dissenting voices from civil society and opposition factions This pernicious application of power extends beyond mere verbal aggression to encompass militaristic actions engendering a profound generational crisis within Zimbabwe The contributors explore the compelling juxtaposition between President Emmerson Mnangagwa and the biblical Nebuchadnezzar II a ruler notorious for his autocratic reign and expansive ambitions Further critically scrutinizing the complicity of neo Pentecostal prophets in the book reveals how these religious figures promote an esoteric understanding of the divine diverging from a theology rooted in justice thereby enabling the oppressive regime s practices This critique underscores the imperative for prophets to recalibrate their theological perspectives urging them to move beyond magical interpretations of faith toward an authentic engagement with a personal God who champions justice The book further encompasses the complex interplay of political and religious narratives examining how church leaders either bolster or undermine Mnangagwa s political ideology highlighting the tendency among certain religious factions to deify

political authority ultimately exacerbating societal inequities In advocating for a transformative theological discourse in Zimbabwe the book asserts that religious narratives must serve as instruments for fostering democracy social justice and equity rather than sustaining a status quo that entrenches authoritarian governance The necessity for unified principled resistance grounded in the collective agency of the populace emerges as a salient theme in the quest for meaningful political and social reform **New Serial Titles** ,1989 A union list of serials commencing publication after Dec 31 1949

Reconciliation and Religio-political Non-conformism in Zimbabwe Joram Tarusarira,2016-05-20 Religio political organisations in Zimbabwe play an important role in advocating democratisation and reconciliation against acquiescent silenced or co opted mainstream churches Reconciliation and Religio political Non conformism in Zimbabwe analyses activities of religious organisations that deviate from the position of mainline churches and the political elites with regard to religious participation in political matters against a background of political conflict and violence Drawing on detailed case studies of the Zimbabwe Christian Alliance ZCA Churches in Manicaland CiM and Grace to Heal GtH this book provocatively argues that in the face of an unsatisfactory religious and political culture religio political non conformists emerge seeking to introduce a new ethos even in the face of negative sanctions from dominant religious and political systems Bibliographic Guide to Black Studies Schomburg Center for Research in Black Culture,1997 Peace, Politics, and Religion Jeffrey Haynes,2020-12-14 Relationships between peace politics and religion are often controversial and sometimes problematic Religion is a core source of identity for billions of people around the world and it is hardly surprising that sometimes it becomes involved in conflicts At the same time we can see religion involved not only in conflict It is also central to conflict resolution peace making and peacebuilding Religious involvement is often necessary to try to end hatred and differences frequently central to political conflicts especially but not only in the Global South Evidence shows that religious leaders and faith based organisations can play constructive roles in helping to end violence and in some cases build peace via early warnings of conflict good offices once conflict has erupted as well as advocacy mediation and reconciliation The chapters of this book highlight that religion can encourage both conflict and peace through the activities of people individually and collectively imbued with religious ideas and ideals World Guide to Religious and Spiritual Organizations Union of International Associations,1996 *G.K. the world Christianity is now a majority global South religion with more believers living in Africa Asia and Latin America than in Europe and North America However most Americans have little exposure to Christians around the world In addition the United States is still the country that sends the most international missionaries While many American churches support missionaries overseas they may not understand the beliefs practices histories and challenges Christians experience abroad Global Christianity is an accessible quick reference guide to the global church Filled with at a glance maps and charts it puts relevant and up to date information into the hands of churches mission organizations and individuals Useful for prayer missions outreach and study of the global church this is the new standard resource on the world s largest religion

Understand Christianity within each continent country tradition and movement with Current demographic information from the United Nations Research from the Center for the Study of Global Christianity A focus on historical sociological political and religious contexts Things to consider within each local context such as political conflicts church state relations religious freedom gender equality education health economics and climate change This resource will satisfy those looking for background on the global church and equip individuals and churches to strategically pray for give to and unite with fellow Christians around the world

Rediscovering Jesus in Our Places Elia Shabani Mligo,2020-05-28 The question of contextual theology and its relevance to Africa in this time of globalization whereby there are rampant uncontrolled changes in cultures technologies economic policies and even people s religious lives is very urgent How is contextual theology relevant in the ever changing contexts of the church in Africa Indeed there are a number of challenges which contextual theology faces within the church in Africa which need to be addressed contextually Some such challenges include poverty rampant violence homosexuality alcoholism the resurgence of prosperity gospel materialistic prophets and incurable illnesses like Ebola HIV and AIDS and the current coronavirus COVID 19 However which context in Africa Context in Africa as in other parts of the world is always in flux it is complex and fluid There is no permanent context The experience of Jesus in such a changing context needs to be rediscovered depending on what transpires in each particular place at a particular time This book addresses some of the overarching challenges that face contextual theology and how such challenges should be addressed by the church in Africa in contemporary ever changing context for it to be relevant in Africa It also highlights the need to move from liberation and inculturation theologies to reconstruction theology in dealing with the challenges of the current church Hence the book is important to students and scholars engaging in practical systematic biblical and contextual theologies in all their branches
