Administrative Justice in Wales and Comparative Perspectives Sarah Nason, 2017-09-15 This book offers a unique understanding of what administrative justice means in Wales and for Wales whilst also providing an expert and timely analysis of comparative developments in law and administration It includes critical analysis of distinctly Welsh administrative laws and redress measures whilst examining contemporary administrative justice issues across a range of common and civil law European and international jurisdictions Key issues include the roles of commissioners administrative courts tribunals and ombudsmen in devolved and federal nations and evolving relationships between citizens and the state especially in the context of localisation and austerity and will be of interest to legal and public administration professionals at home and internationally

Women in Policing around the World Venessa Garcia, 2021-03-24 Women in Policing around the World is a historical legal political and social examination of women in policing The book opens with a comparison of cultural definitions of gender and how this affects women's work in general and policing specifically The book then takes the reader through women in policing in the Eastern and Western Hemispheres featuring several countries within the major regions of the world Major commonalities and differences are identified in the areas of recruitment training deployment promotion and violence against women Among the key features of this book is a balanced coverage of historical and timely events that led to the current status of women police in their respective countries The book identifies the commonalities that women police experience throughout the world relying on the most current research The book also dedicates coverage of policing violence

against women in society as well as within the police organization itself The author includes tables to allow for national comparisons throughout the book as well as current and historical photos This book is intended for researchers and students of police culture and women in policing It does not rely heavily on one country or region thus allowing for an enlightening international comparison

A Brutal State of Affairs Henrik Ellert, Malcolm Anderson, 2020-04-02 A Brutal State of Affairs analyses the transition from Rhodesia to Zimbabwe and challenges Rhodesian mythology The story of the BSAP where white and black officers were forced into a situation not of their own making is critically examined The liberation war in Rhodesia might never have happened but for the ascendancy of the Rhodesian Front prevailing racist attitudes and the rise of white nationalists who thought their cause just Blinded by nationalist fervour and the reassuring words of the Ministry of Internal Affairs and army commanders the Smith government disregarded the advice of its intelligence services to reach a settlement before it was too late By 1979 the Rhodesians were staring into the abyss and the war was drawing to a close Salisbury was virtually encircled and guerrilla numbers continued to grow A Brutal State of Affairs examines the Rhodesian legacy the remarkable parallels of history and suggests that Smiths Rhodesian template for rule has in many instances been assiduously applied by Mugabe and his successors

The 3 Regional Human Rights Courts in Context Laurence Burgorgue-Larsen, 2024-02-28 At specific moments in the history of Africa Europe and Latin America each region decided to create supranational jurisdictions to protect human rights These are in chronological order the European Court of Human Rights the Inter American Court of Human Rights and the African Court on Human and Peoples Rights While each has been the subject of important dedicated monographs no major study has analysed both the institutional and jurisprudential issues of all three regional systems The 3 Regional Human Rights Courts in Context Justice That Cannot Be Taken for Granted is the first book to offer a comprehensive comparison of the three systems Rather than merely juxtaposing analogous features the book considers how the three courts operate as parts of a greater integrated whole Similarities and differences between the courts are illuminated alongside historical political and sociological insights in addition to the book s primary legal focus Close analysis of the processes by which the courts came into being makes it clear that regardless of distinct political cultural or other variances states on each of the three continents have chafed against international supervision The book also debunks the common belief that after the

Second World War the thrust of human rights initiatives was so powerful that states no longer need to discuss them Justice cannot be taken for granted a position further supported by the book's analysis of how each court has evolved and how their rulings have been implemented Laurence Burgorgue-Larsen's dynamism and multidisciplinary approach makes it possible to truly understand the stakes behind the institutional and jurisprudential developments of the three regional human rights courts This is a book that will interest not only legal practitioners but also specialists in international relations human rights and countless other fields **Report of the Auditor-General for the Financial Year Ended ...** Zimbabwe, 2016
