A Gross of Zombies Andy McKinney,2016-01-14 These 144 reviews of zombie movies will educate the reader as to which films are worthy of the time of the movie watcher Some zombie movies are just as good as any other kind of movie some watchable but not great and some are absolute rubbish Be warned author Andy McKinney names names and tells it like it is As he says about some zombie movies I watched this one so you won t have to Enjoy these reviews from a man who is himself a fan as well as a reviewer

Perverse Titillation Danny Shipka,2011-07-25 The exploitation film industry of Italy Spain and France during the height of its popularity from 1960 to 1980 is the focus of this entertaining history With subject matter running the gamut from Italian zombies to Spanish werewolves to French lesbian vampires the shocking and profoundly entertaining motion pictures of the Eurocult genre are discussed from the standpoint of the films and the filmmakers including such internationally celebrated auteurs as Mario Bava Jess Franco Jean Rollin and Paul Naschy The Eurocult phenomenon is also examined in relation to the influences that European culture and environment have had on the world of exploitation cinema The author s insight and expertise contribute to a greater understanding of what made these films special and why they have remained so popular to later generations

Arab and Muslim Science Fiction Hosam A. Ibrahim Elzembely,Emad El-Din Aysha,2022-05-06 How is science fiction from the Arab and Muslim world different than mainstream science fiction from the West What distinctive and original contributions can it make Why is it so often neglected in critical considerations of the genre While other books have explored these questions all have been from foreign academic voices Instead this book examines the nature genesis and history of Arabic and Muslim science fiction as well as the challenges faced by its authors in the authors own words These authors share their stories and struggles with censors recalcitrant publishers critics the book market and the literary establishment Their uphill efforts with critical contributions from academics translators and literary activists will enlighten the sci fi enthusiast and fill a gap in the history of science fiction Topics covered range from culture shock to conflicts between tradition and modernity proactive roles for female heroines blind imitation of storytelling techniques and language games

Humanitarianism Tim Allen,Anna Macdonald,Henry Radice,2018-06-27 The field of humanitarianism is characterised by profound uncertainty by a constant need to respond to the unpredictable and by concepts and practices that often defy simple or straightforward explanation Humanitarians often find themselves not just engaged in the pursuit of

effective action but also in a quest for meaning That is the starting point for this book Humanitarian action has in recent years confronted geopolitical challenges that have upended much of its conventional modus operandi and presented threats to its foundational assumptions and legal frameworks The critical interrogation of the purpose practice and future of humanitarian action has yielded a rich new field of enquiry humanitarian studies and many thoughtful books articles and reports So the question arose as to the most useful way to provide a critical overview that might serve to bring some definitional clarity as well as analytical rigor to the waves of critique and shifting sands of humanitarian action

Humanitarianism A Dictionary of Concepts provides an authoritative analysis that attempts to rethink rather than merely problematize or define the issues at stake in contemporary humanitarian debates It is an important moment to do so Just about every tenet of humanitarianism is currently open to question as never before [Regional Horror Films, 1958-1990](#)

Brian Albright,2012-11-08 During the second half of the 20th century landmark works of the horror film genre were as much the product of enterprising regional filmmakers as of the major studios From backwoods Utah to the Louisiana bayous to the outer boroughs of New York independent regional films like Night of the Living Dead Last House on the Left I Spit on Your Grave The Texas Chain Saw Massacre and The Evil Dead stood at the vanguard of horror cinema This overview of regionally produced horror and science fiction films includes interviews with 13 directors and producers who operated far from mainstream Hollywood along with a state by state listing of regionally produced genre films made between 1958 and 1990 Highlighting some of the most influential horror films of the past 50 years this work celebrates not only regional filmmaking but also a cultural regionalism that is in danger of vanishing **STEM to Story** 826 National,2015-01-07 Bring STEM to life for students with zombies rockets celebrities and more STEM to Story Enthralling and Effective Lesson Plans for Grades 5 8 inspires learning through fun engaging and meaningful lesson plans that fuse hands on discovery in science technology engineering and math STEM with creative writing The workshop activities within the book are the innovative result of a partnership between 826 National s proven creative writing model and Time Warner Cable s Connect a Million Minds an initiative dedicated to connecting young people to the wonders of STEM through hands on learning Authentically aligned with both the Common Core State Standards and the Next Generation Science Standards this book provides teachers after school and out of school providers and parents with field tested lessons workshops and projects designed by professionals in each field Including reflective observations by arts and science celebrities like Jon Scieszka Mayim Bialik and Steve Hockensmith lessons feature bonus activities fun facts and teaching points for instructors at every level These quirky exploratory lessons will effectively awaken student imaginations and passions for both STEM and creative writing encourage identity with scientific endeavors and make both science and writing fun Grades five through eight is the critical period for engaging students in STEM and this book is designed specifically to appeal to and engage this age group The guided curricula fosters hands on discovery deep learning and rich inquiry skills while feeling more like play than school and has

proven popular and effective with both students and teachers Awaken student imagination and get them excited about STEM Fuse creative writing with STEM using hands on activities Make scientific principles relevant to students lives Inspire students to explore STEM topics further The demand for STEM workers is closely linked to global competitiveness and a successful future in STEM depends upon an early introduction to the scientific mindset The challenge for teachers is to break through students preconceptions of STEM fields as hard or boring to show them that STEM is everywhere it s relevant and it s loads of fun For proven lesson plans with just a dash of weird STEM to Story is a dynamic resource adaptable and applicable in school after school and at home **The Walking Dead #53** Robert Kirkman,2008-10-08 To the rescue
