Solution 11-167 Momus,2009 **Speculative Everything** Anthony Dunne,Fiona Raby,2013-12-06 How to use design as a tool to create not only things but ideas to speculate about possible futures Today designers often focus on making technology easy to use sexy and consumable In *Speculative Everything* Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas For them design is a means of speculating about how things could be to imagine possible futures This is not the usual sort of predicting or forecasting spotting trends and extrapolating these kinds of predictions have been proven wrong again and again Instead Dunne and Raby pose what if questions that are intended to open debate and discussion about the kind of future people want and do not want *Speculative Everything* offers a tour through an emerging cultural landscape of design ideas ideals and approaches Dunne and Raby cite examples from their own design and teaching and from other projects from fine art design architecture cinema and photography They also draw on futurology political theory the philosophy of technology and literary fiction They show us for example ideas for a solar kitchen restaurant a flypaper robotic clock a menstruation machine a cloud seeding truck a phantom limb sensation recorder and devices for food foraging that use the tools of synthetic biology Dunne and Raby contend that if we speculate more about everything reality will become more malleable The ideas freed by speculative design increase the odds of achieving desirable futures

Scottish Literature Alan Riach,2022-05-30 What do we mean by Scottish literature Why does it matter How do we engage with it Bringing infectious enthusiasm and a lifetime s experience to bear on this multi faceted literary nation Alan Riach Professor of Scottish Literature at the University of Glasgow sets out to guide you through the varied and ever evolving landscape of Scottish literature A comprehensive and extensive work designed not only for scholars but also for the generally curious *Scottish Literature* an introduction tells the tale of Scotland s many voices across the ages from Celtic pre history to modern mass media Forsaking critical jargon Riach journeys chronologically through individual works and writers both the famed and the forgotten alongside broad overviews of cultural contexts which connect texts to their own times Expanding the restrictive canon of days gone by Riach also sets down a new core body of Scottish Literature key writers and works in English Scots and Gaelic Ranging across time and genre *Scottish Literature* an introduction invites you to hear Scotland through her own words

Speculative Everything, With a new preface by the authors Anthony Dunne,Fiona Raby,2024-04-02 How to use design as a tool to create not only things but ideas to speculate about possible futures Today designers often focus on making technology easy to use sexy and consumable In *Speculative Everything* Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas For them design is a means of speculating about how things could be to imagine possible futures This is not the usual sort of predicting or forecasting spotting trends and extrapolating these kinds of predictions have been proven wrong again and again Instead Dunne and Raby pose what if questions that are intended to open debate and discussion about the kind of future people want and do not

want Speculative Everything offers a tour through an emerging cultural landscape of design ideas ideals and approaches Dunne and Raby cite examples from their own design and teaching and from other projects from fine art design architecture cinema and photography They also draw on futurology political theory the philosophy of technology and literary fiction They show us for example ideas for a solar kitchen restaurant a flypaper robotic clock a menstruation machine a cloud seeding truck a phantom limb sensation recorder and devices for food foraging that use the tools of synthetic biology Dunne and Raby contend that if we speculate more about everything reality will become more malleable The ideas freed by speculative design increase the odds of achieving desirable futures

Caledonian Dreaming Gerry Hassan, 2014-04-05 A different Scotland is possible Caledonian Dreaming The Quest for a Different Scotland offers a penetrating and original way forward for Scotland beyond the current independence debate It identifies the myths of modern Scotland describes what they say and why they need to be seen as myths Hassan argues that Scotland is already changing as traditional institutions and power decline and new forces emerge He outlines a prospectus for Scotland to become more democratic and to embrace radical and far reaching change

REVIEWS An intelligent brave and much needed contribution to the debate around the referendum in Scotland This along with other great contributions like Lesley Riddoch's Blossom are hugely important to the general discourse and much needed research into the country we have been the country we now are and the country we could become

ELAINE C SMITH actress and campaigner This is a remarkable book balanced and brave insightful and incisive intelligently blending the personal and the political Whatever the referendum result if Scotland really wants to be the best place in the world to grow up Gerry Hassan's suggestions for a new democracy would be an excellent starting point

SUE PALMER author Toxic Childhood Gerry Hassan sets out to challenge the lazy presumptions that are around about Scotland and its future He invites the reader to think and think again

STUART COSGROVE broadcaster Understanding that the old stories we tell ourselves influence the new stories we go on to write Gerry Hassan has crafted a brilliant book unpacking the political narratives that have shaped modern Scotland in order to create a space to imagine anew A book about Scotland important to anyone anywhere dreaming a new world

STEPHEN DUNCOMBE author Dream Re imagining Progressive Politics in an Age of Fantasy The independence referendum changes what is possible regardless of its outcome It forces people in Scotland to confront far more directly the nature of their country rather than continue to accept the myths that build up when there is no option to go it alone In Caledonia Dreaming Gerry Hassan skillfully traverses these key myths to show that if Scotland were to gain independence it would have to confront internal realities that were hidden when Westminster could be blamed for so much If the Scots prove the bookies wrong if events over the summer of 2014 turn so that independence is achieved then this book demonstrates that the new Scotland will be further from many possible idealised European utopias than many nationalists had ever imagined It is a key contribution to the debate no matter where you stand

DANNY DORLING author Injustice Why Social Justice Persists Professor of Human Geography Oxford University

With one bound Scotland could be free How tempting that looks to the progressive minded on both sides of the border If only it were that easy Gerry Hassan drills down to deeper reasons why the many dysfunctions of British democracy could dog an independent Scotland too With a non partisan but beady eye on society both sides of the border in this clever book here are tougher questions to consider than a mere Yes No POLLY TOYNBEE writer and journalist The Guardian **The Wiley Blackwell Companion to Contemporary British and Irish Literature** Richard Bradford, Madelena Gonzalez, Stephen Butler, James Ward, Kevin De Ornellas, 2020-09-03 THE WILEY BLACKWELL COMPANION TO CONTEMPORARY BRITISH AND IRISH LITERATURE An insightful guide to the exploration of modern British and Irish literature The Wiley Blackwell Companion to Contemporary British and Irish Literature is a must have guide for anyone hoping to navigate the world of new British and Irish writing Including modern authors and poets from the 1960s through to the 21st century the Companion provides a thorough overview of contemporary poetry fiction and drama by some of the most prominent and noteworthy writers Seventy three comprehensive chapters focus on individual authors as well as such topics as Englishness and identity contemporary Science Fiction Black writing in Britain crime fiction and the influence of globalization on British and Irish Literature Written in four parts The Wiley Blackwell Companion to Contemporary British and Irish Literature includes comprehensive examinations of individual authors as well as a variety of themes that have come to define the contemporary period ethnicity gender nationality and more A thorough guide to the main figures and concepts in contemporary literature from Britain and Ireland this two volume set Includes studies of notable figures such as Seamus Heaney and Angela Carter as well as more recently influential writers such as Zadie Smith and Sarah Waters Covers topics such as LGBT fiction androgyny in contemporary British Literature and post Troubles Northern Irish Fiction Features a broad range of writers and topics covered by distinguished academics Includes an analysis of the interplay between individual authors and the major themes of the day and whether an examination of the latter enables us to appreciate the former The Wiley Blackwell Companion to Contemporary British and Irish Literature provides essential reading for students as well as academics seeking to learn more about the history and future direction of contemporary British and Irish Literature *Arts, Research, Innovation and Society* Gerald Bast, Elias G. Carayannis, David F. J. Campbell, 2014-11-19 This book explores at the macro meso and micro levels and in terms of qualitative as well as quantitative studies theories policies and practices about the contributions of artistic research and innovations towards defining new forms of knowledge knowledge production as well as knowledge diffusion absorption and use Artistic research artistic innovations and arts based innovations have been major transformers as well as disruptors of the ways in which societies economies and political systems perform Ramifications here refer to the epistemic socio economic socio political and socio technical base and aesthetic considerations on the one hand as well as to strategies policies and practices on the other including sustainable enterprise excellence considerations in the context of knowledge economies societies and democracies Creativity in general and the arts in particular are increasingly recognized as drivers of

cultural economic political social and scientific innovation and development This book examines how one could derive and develop insights in these areas from the four vantage points of Arts Research Innovation and Society Among the principal questions that are examined include Could and should artists be researchers How are the systems of the Arts and Sciences connected and or disconnected What is the impact of the arts in societal development How are the Arts interrelated with the mechanisms of generating social scientific and economic innovation As the inaugural book in the Arts Research Innovation and Society series this book uses a thematically wide spectrum that serves as a general frame of reference for the entire series of books to come
