Us Army Counter Intelligence Manual:

U.S. Army Counterintelligence Handbook U.S. Department of the Army, 2013-02-06 The life of a counterintelligence CI operative has been immortalized in film and novels as being filled with glamour and excitement While international travel heroism and danger are all part of the job description the fundamentals of counterintelligence are discipline skill and well intelligence CI operations include conducting investigations offensive and defensive operations security and vulnerability analyses and intelligence collection in peace and at all levels of conflict to support command needs This guide serves to inform commanders agents and analysts on how to identify neutralize and exploit any foreign attempts to conduct operations against the U S Army Find out how CI operatives combat terrorism create battlefield deception and inform all echelons of combat of both real and potential threats from the U S Army s own guide to counterintelligence The tactics techniques and procedures TTP outlined are the same instructions that CI personnel follow in the field As the world becomes more interconnected and as technological advances continue to be made proper CI techniques are exceedingly critical to the protection of the U S Army Counterintelligence is not just the subject for an entertaining story it is how peacekeeping humanitarian and counter drug operations are carried out in this globalized world The Official U. S. Army Counter-Intelligence Handbook Department of the Army, 2023-09 The U S Army s official playbook for deception on the world s deadliest stage and a must read for anyone with an interest in today s difficult military intelligence questions *21st Century U. S. Army Counterintelligence Field Manual* U. S. Department of Defense Staff, 2002-04-01 The preface to this U S Army manual FM 34 60 states This field manual FM provides guidance to commanders counterintelligence CI agents and analysts The first four chapters provide information to the commander and staff while the remainder provides the tactics techniques and procedures TTP required to aggressively identify neutralize and exploit foreign intelligence attempts to conduct operations against the United States US Army CI supports Army operations by providing a clear picture of the threat to commands at all echelons and actions required to protect the force from exploitation by foreign intelligence CI operations include conducting investigations offensive and defensive operations security and vulnerability analyses and intelligence collection in peace and at all levels of conflict to support command needs CI supports the total intelligence process by focusing on foreign intelligence collection efforts CI is designed to provide commanders the enemy intelligence collection situation and targeting information in order to counter foreign intelligence service FIS activities CI is an integral part of the US Army s all source intelligence capability By its nature CI is a multidiscipline effort that includes counter human intelligence C HUMINT counter signals intelligence C SIGINT and counter imagery intelligence C IMINT designed to counter foreign all source collection The CI force in conjunction with other intelligence assets must have the capability to detect all aspects of intelligence collection and related activities that pose a threat to the security of Army operations personnel and materiel Through its database friendly and adversary and analytical capability CI provides sound recommendations which if

implemented will result in the denial of information to the threat It should be noted that any decision regarding the implementation of CI recommendations aimed at denying collection opportunities to the adversary is a command decision The commander may decide to accept the risk of enemy collection in favor of time resources or other higher priority considerations At that point the CI mission is considered to be successful because it is a tool of the commander This manual is designed for use by commanders and their staffs all military intelligence MI commanders their staffs and trainers and MI personnel at all echelons It applies equally to the Active Army United States Army Reserve USAR and Army National Guard ARNG It is also intended for commanders and staffs of joint and combined commands United States Naval and Marine Forces units of the US Air Force and the military forces of allied countries
