What was the main effect of the system of debt peonage that emerged in the South during the late 19th century?

- A. African Americans were unable to afford to work agricultural jobs.
- B. African Americans left the South in large numbers to escape their debts.
- C. African Americans labored in a system that was nearly the same as slavery.
- D. African Americans had to work for low wages to pay off their emancipation costs.

Debt peonage requires that a person's debt be paid off through work. After the Civil War many newly freed African Americans accrued sharecropping debt that was then paid off through labor.
