Reimers,2020-11-04 This open access book is a comparative analysis of recent large scale education reforms that broadened curriculum goals to better prepare students for the 21st century The book examines what governments actually do when they broaden curriculum goals with attention to the details of implementation To this end the book examines system level reforms in six countries at various levels of development The study includes system level reforms in jurisdictions where students achieve high levels in international assessments of basic literacies such as Singapore and Ontario Canada as well as in nations where students achieve much lower levels such as Kenya Mexico Punjab Pakistan and Zimbabwe The chapters examine system level reforms that focus on strengthening the capacity to teach the basics as in Ontario and Pakistan as well as reforms that aim at building the capacity to teach a much broader set of competencies and skills such as Kenya Mexico Singapore and Zimbabwe The volume includes systems at very different levels of spending per student and reforms at various points in the cycle of policy implementation some just starting some struggling to survive a governmental transition and others that have been in place for an extended period of time From the comparative study of these reforms we aim to provide an understanding of how to build the capacity of education systems to teach 21st century skills at scale in diverse settings Misogyny across Global Media Maria B. Marron,2021-03-01

Misogyny across Global Media argues that although women s experiences under misogyny are by no means universal patriarchal social and institutional systems facilitate gender based hostility across the globe Contributors demonstrate how systemic misogyny and power inequities are at the root of women s suffering at the hands of misogyny with consequences ranging from sexual harassment to rape and even murder This book provides an interdisciplinary overview of systemic misogyny worldwide analyzing specific cases such as the controversial Child Marriage Act in Bangladesh sexual harassment in India s Bollywood culture rape culture among military forces in Jammu and Kashmir the murder of female students in Kenya and femicide in Turkey This collection discusses how misogyny creates a clash of cultures between men and women the powerful and the oppressed and the conservative and the liberal and uncovers the evils that are perpetrated against women worldwide as a result of systemic misogyny Scholars of gender studies media studies and cultural studies will find this book particularly useful **Zimbabwe Human Rights Bulletin** ,2003 *A Lesson in Englishness* Novuyo Rosa Tshuma,2019-07-11 There are only five other black girls in our class of twenty six _____ From the author of the critically acclaimed *House of Stone* listed for the Folio Prize is a short story about growing up in Zimbabwe _____ A country school girl attends the prestigious Girls College in Bulawayo Zimbabwe and she learns how to be English She learns pronunciations learns to pour sip and hold tea and even learns to laugh the English way Hahaha Hahaha Haaaaa haaaaa haaaa But things begin to change for the pupils of Girls College when Zimbabwe s new president

Rethinking Educational Transformation in Zimbabwe* Shizha, Edward, 2013-12-07 The role of education in human well being and social development cannot be overestimated After a number of highly commendable policies on education in the first decade of independence the education system in Zimbabwe has taken a tumble that needs both examining and rectifying This volume analyses the challenges facing the education system in Zimbabwe and explores and scrutinises theoretical and practical possibilities for restoring the educational dream that was initiated at independence in 1980 The book is targeted at academics scholars college and university students policy makers and other stakeholders and advocates a multi pronged approach that must involve all stakeholders if educational retransformation reconstruction and restoration are to be achieved The authors provide a range of recommendations for a project that would restore the educational dream in Zimbabwe **Beyond the Enclave** Godfrey Kanyenze, Timothy Kondo, 2011-07-26 Beyond the Enclave sets out to unravel the contradiction of a country Zimbabwe where a rich diverse resource base co exists with endemic poverty One reason lies in the colonial economy which was predicated on an ideology of white supremacy creating an enclave formal economy employing one fifth of the labour force Yet over three decades after independence the non formal segment has become even more entrenched This book assesses Zimbabwes economy through three main phases 1980 90 when a strong social policy framework proved difficult to sustain due to erratic growth and 1991 96 when structural adjustment demanded a market driven approach to development The third phase is characterized by crisis management leading to policy inconsistencies and reversals Not surprisingly such incoherence saw the economy descend into hyperinflation and paralysis in 2007 2008 leading to the signing of the Global Political Agreement in September 2008 In the absence of formal dollarization economic recovery after the adoption of the multi currency regime has remained fragile leaving an estimated 70 per cent of the population outside the banking system This has further entrenched uneven enclave growth as the economy remains locked in a low income poverty trap There is a need to facilitate transition towards formality to promote decent jobs Furthermore a strategic developmental role for the state in the economy is now widely recognized as vital for development Beyond the Enclave argues for a new approach to development in Zimbabwe based on pro poor and inclusive strategies which will contribute to the well being of all of its citizens and wise stewardship of its

resources It offers suggestions on policy formulation implementation monitoring and evaluation in all sectors designed to promote inclusive growth and humane development **Parliamentary Debates** Zimbabwe. Parliament,2005

Facets of Power Richard Saunders,Tinashe Nyamunda,2016-04-18 The diamond fields of Chiadzwa among the worlds largest sources of rough diamonds have been at the centre of struggles for power in Zimbabwe since their discovery in 2006 Against the backdrop of a turbulent political economy control of Chiadzwas diamonds was hotly contested By 2007 a new case of blood diamonds had emerged in which the countrys security forces engaged with informal miners and black market

dealers in the exploitation of rough diamonds violently disrupting local communities and looting a key national resource The formalisation of diamond mining in 2010 introduced new forms of large scale theft displacement and rights abuses Facets of Power is the first comprehensive account of the emergence meaning and profound impact of Chiadzwa diamonds Drawing on new fieldwork and published sources the contributors present a graphic and accessibly written narrative of corruption and greed as well as resistance by those who have suffered at the hands of the minerals secretive and violent beneficiaries If the lessons of resistance have been mostly disheartening ones they also point towards more effective strategies for managing public resources and mounting democratic challenges to elites whose power is sustained by preying on them
