Treasures Of Christ In The Life Of David Jon Bonker,2012-08-14 An opening up of the treasures of Christ as revealed through the life and reign of David Feed My Sheep; Lead My Sheep N. Thomas Johnson-Medland,2011-06-01 There are a lot of books about leadership out there I wanted to stir the pot and make some suggestions that I have not heard yet Leadership is not about sticking qualities all over yourself like dozens of yellow sticky notes Today I will learn time management Tomorrow I will develop integrity Mere information is not enough to change us Data may lead to transformation but it is not enough to transform us on its own Leadership is not about trends and buzzwords Leadership is about personhood Personhood is where this transformation truly takes place Leadership may perseverate into any one of these things stickies trends information data and buzzwords but it is ultimately and ideally about personhood This may be a philosophical category that the church has left off discussing but it meant a lot to the ancients We need to stir some of their depth back into our existence One s genuine ability to lead comes from one s genuine transformation into the kind of person that is needed for the particular form of leading at hand Different traits will be called forth from the leader depending on the situation place time and people It is the person who is the leader and not the trait or characteristic that is the leader Being is critical not just doing I think a lot of our current reading on leadership is simply about skill sets They are important discussions but that is not all there is Do not get me wrong I am not saying you must be perfect to lead If that were the case I would not be able to write this book What I am saying is that your identity is where your true leading comes from and if you are in a transformational relationship with Jesus the chances are good that your person and identity will deepen over time
