Science, Grade 3 Natalie Rompella, 2016-01-04 Interactive Notebooks Science for grade 3 is a fun way to teach and reinforce effective note taking for students. Students become a part of the learning process with activities about plant and animal adaptations, the human body, matter, force and motion, simple machines, the solar system, and more. This book is an essential resource that will guide you through setting up, creating, and maintaining interactive notebooks for skill retention in the classroom. High interest and hands-on interactive notebooks effectively engage students in learning new concepts. Students are encouraged to personalize interactive notebooks to fit their specific learning needs by creating fun, colorful pages for each topic. With this note-taking process, students will learn organization, color coding, summarizing, and other important skills while creating personalized portfolios of their individual learning that they can reference throughout the year. Spanning grades kindergarten to grade 8, the Interactive Notebooks series focuses on grade-specific math, language arts, or science skills. Aligned to meet current state standards, every 96-page book in this series offers lesson plans to keep the process focused. Reproducibles are included to create notebook pages on a variety of topics, making this series a fun one of a kind learning experience.

Caribbean Primary Science Book 5 Karen Morrison, Lorraine DeAllie, Sally Knowlman, Milly Fullick, Susan Crumpton, Lisa Greenstein, 2021-01-11 Open up the world of science to your students, enthusing and encouraging them to become focused, questioning, and successful scientists, thinkers, and problem solvers. Science and technology encompass some of the most important skills children need to master in the modern world. This series introduces and develops the building blocks of science study, ensuring student interest and academic progression continue hand in hand throughout the primary school and on into secondary education. New, appealing resource planned and designed to make each student feel and work like a scientist, language controlled with vocabulary support for students, plus full support for non-specialist teachers. Features special projects and research projects to build skills towards the end of primary examinations. Focus on practical work, green technologies, environmental issues, and science in daily life.

180 Days: Hands-On STEAM for Grade 6 Nancy Balter, 2022-05-20 Help sixth grade students improve their critical thinking skills with hands-on lab activities that integrate STEAM concepts. 180 Days Hands On STEAM for Grade 6 Uses daily hands-on lab activities to explore STEM concepts. Motivates students with quick, independent learning activities focusing on exploring STEAM concepts, building critical thinking skills, and refining the problem-solving process. Makes at-home learning, whole-class instruction, or small group support quick and easy. Includes standards-based activities, easy-to-follow instructions, and an answer key to quickly assess student understanding. Parents appreciate the teacher-approved activity books that keep their child engaged and learning. Great for homeschooling to reinforce learning at school or prevent learning loss over summer. Teachers rely on the daily practice workbooks to save them valuable time. The hands-on lab activities require little prior knowledge and use typical classroom or home materials. The activities can also be used for intervention, skill building, to address learning gaps.
