Warrior's Legacy J. E. Thompson,2009-11 Although the Morroks surpass Humans in both size and strength for generations they have skulked in deserts and moved among Humans only in secret They train their children with brutal thoroughness and psychological torment teaching them both to isolate themselves and to kill without thought Orestes is one such Human trainee for the first five years of his life But after he is rescued from the Morrok Facility Orestes grows up in Warrior Peak a militaristic society that hasn t been to war in three generations and is reluctant to do so even as the Morroks begin to show themselves in the desert just miles from their home Even in the midst of impending war Orestes wrestles with the Morroks hold over his mind and heart as he struggles to fight without malignity to lead without tyranny and to love without inhibition The Morroks however are not as quick to relinquish their hold on Orestes and the reminders of their training often written in the blood of others threaten to ruin him before he can lead the Humans in their last stand to defend the land against the Morroks <http://www.awarriorslegacy.com>

Murlo and the Etruscans Richard Daniel De Puma,Jocelyn Penny Small,1994 Murlo and the Etruscans explores this and other mysteries in a collection of twenty essays by leading specialists of Etruscan and classical art all of whom have been associated with the Murlo site Numerous photographs and drawings accompany the essays The first eleven chapters survey specific groups of Etruscan objects and challenge the view of Etruscan art as provincial or derivative Interpretations of the magnificent series of decorated terra cotta frieze plaques and other architectural elements contribute to an understanding of Murlo and related Etruscan centers Plaques depicting a lively Etruscan banquet offer a way to detect differences between Etruscan and ancient Greek society The remaining nine chapters treat various aspects of Etruscan art often moving beyond ancient Murlo both geographically and temporally They examine funerary symbolism sculpted amber and amber trade contacts along the ancient Adriatic Coast depictions of domesticated cats votive terra cottas of human anatomical parts and how they help in understanding Etruscan medicine and the adaptation

of Greek style myth and iconography in Etruscan art These essays will have a broad impact on the study of the ancient Mediterranean They will certainly be required reading not only for Etruscologists but for anyone with an interest in the world of classical antiquity The range of subjects moving in wide arcs around the archaeological site at Murlo brings the site into focus in a way that a series of standard archaeological site reports could not Kenneth Hamma J Paul Getty Museum There is a fine and commendable interweaving and intertwining of thoughts and scholarly research throughout Murlo and the Etruscans It will be a useful reference source for the art of Etruscan coroplast wherein lies the forte of the Etruscan sculptor Mario A Del Chiaro University of California
