We Will Shoot Back:

We Will Shoot Back Akinyele Omowale Umoja, 2013-04-22 Ranging from Reconstruction to the Black Power period this thoroughly and creatively researched book effectively challenges long held beliefs about the Black Freedom Struggle It should make it abundantly clear that the violence nonviolence dichotomy is too simple to capture the thinking of Black Southerners about the forms of effective resistance Charles M Payne University of Chicago The notion that the civil rights movement in the southern United States was a nonviolent movement remains a dominant theme of civil rights memory and representation in popular culture Yet in dozens of southern communities Black people picked up arms to defend their leaders communities and lives In particular Black people relied on armed self defense in communities where federal government officials failed to safeguard activists and supporters from the violence of racists and segregationists who were often supported by local law enforcement In *We Will Shoot Back* Armed Resistance in the Mississippi Freedom Movement Akinyele Omowale Umoja argues that armed resistance was critical to the efficacy of the southern freedom struggle and the dismantling of segregation and Black disenfranchisement Intimidation and fear were central to the system of oppression in Mississippi and most of the Deep South To overcome the system of segregation Black people had to overcome fear to present a significant challenge to White domination Armed self defense was a major tool of survival in allowing some Black southern communities to maintain their integrity and existence in the face of White supremacist terror By 1965 armed resistance particularly self defense was a significant factor in the challenge of the descendants of enslaved Africans to overturning fear and intimidation and developing different political and social relationships between Black and White Mississippians This riveting historical narrative relies upon oral history archival material and scholarly literature to reconstruct the use of armed resistance by Black activists and supporters in Mississippi to challenge racist terrorism segregation and fight for human rights and political empowerment from the early 1950s through the late 1970s Akinyele Omowale Umoja is Associate Professor and Chair of the Department of African American Studies at Georgia State University where he teaches courses on the history of the Civil Rights Black Power and other social movements

We Will Shoot Back Akinyele Omowale Umoja, 2014-08-22 The notion that the civil rights movement in the southern United States was a nonviolent movement remains a dominant theme of civil rights memory and representation in popular culture Yet in dozens of southern communities Black people picked up arms to defend their leaders communities and lives In particular Black people relied on armed self defense in communities where federal government officials failed to safeguard activists and supporters from the violence of racists and segregationists who were often supported by local law enforcement In *We Will Shoot Back* Armed Resistance in the Mississippi Freedom Movement Akinyele Omowale Umoja argues that armed resistance was critical to the efficacy of the southern freedom struggle and the dismantling of segregation and Black disenfranchisement Intimidation and fear were central to the system of oppression in Mississippi and most of the Deep South To overcome the system of

segregation Black people had to overcome fear to present a significant challenge to White domination Armed self defense was a major tool of survival in allowing some Black southern communities to maintain their integrity and existence in the face of White supremacist terror By 1965 armed resistance particularly self defense was a significant factor in the challenge of the descendants of enslaved Africans to overturning fear and intimidation and developing different political and social relationships between Black and White Mississippians This riveting historical narrative relies upon oral history archival material and scholarly literature to reconstruct the use of armed resistance by Black activists and supporters in Mississippi to challenge racist terrorism segregation and fight for human rights and political empowerment from the early 1950s through the late 1970s Publisher s website
