**The Life and Poetry of Ted Kooser** Mary K. Stillwell, 2020-04-01 Like a flash of lightning it came to him the unathletic high school student Ted Kooser saw a future as a famous poet that promised everything glory immortality a bohemian lifestyle no more doing dishes no more cleaning his room and particularly important to the lonely teenager girls Unlike most kids with a sudden ambition Kooser winner of the Pulitzer Prize for Poetry and thirteenth poet laureate of the United States made good on his dream But glory was a long time coming and along the way Kooser lived the life that has made his poetry what it is as deeply grounded in family work and the natural world as it is attuned to the nuances of language Just as so much of Kooser's own writing weaves geography history and family stories into its measures so does this first critical biography consider the poet's work and life together his upbringing in Iowa his studies in Nebraska with poet Karl Shapiro as mentor his career in insurance his family life his bout with cancer and always his poetry Combining a fine appreciation of Kooser's work and life this book finally provides a fuller and more complex picture of a writer who perhaps more than any other has brought the Great Plains and the Midwest lived large and small into the poetry of our day

Witschi, 2014-02-03 *A Companion to the Literature and Culture of the American West* presents a series of essays that explore the historic and contemporary cultural expressions rooted in America's western states Offers a comprehensive approach to the wide range of cultural expressions originating in the west Focuses on the intersections complexities and challenges found within and between the different historical and cultural groups that define the west's various distinctive regions Addresses traditionally familiar icons and ideas about the west such as cowboys wide open spaces and violence and their intersections with urbanization and other regional complexities Features essays written by many of the leading scholars in western American cultural studies

*The Old Formalism* Jonathan Holden, 1999-01-01 Our appreciation of American poetry is as influenced by the personas presented in the poems as by public perception of the poets themselves Emily Dickinson peeking from behind a doorway with large dark eyes is an indelible image superimposed over her spare enigmatic poems The grand gestures of Walt Whitman's voice have much to do with our reading of *Song of Myself* And we cannot hear *Mending Wall* or *Mowing* without thinking of the image of the rustic sly farmer poet that Robert Frost so carefully cultivated The moral authority of the poet reveals itself through the poems as well and it is crucial to the meaning of the poem Holden argues if art

is to elevate life Part 1 of *The Old Formalism The Practice* is a close study of some of the conventions and developments in contemporary American poetry with such topics as sex and poetry rhetoricity and sensibility Holden shows lucidly how character or lack of it is revealed in poetry In *Personae* the second part he gives a studied reading of a group of several admired poets such as Richard Hugo Mary Kinzie Ted Kooser and William Stafford Holden uses biographical references and personal contacts with the poets to strengthen the notion of character revealed in poetry This book takes a decided stand in the ongoing debate of the past two decades about the relationship of American poetry to American culture In an age when image dominates word and the business of poetry is nearly as celebrity laden as Hollywood Holden takes us past the media glitz backstage where the poems are waiting to be read Quite simply in a clear incisive manner he teaches us how to read well again

*The New World* Suzanne Gardinier, 2024-02-20 A great poem of this end of our century It is masterfully structured in recurring themes and voices which build on and off each other Gardinier is above all a poet whose language and images are completely integrated so that in Keats's words every rift is laden with ore I found this a thrilling poem to read Adrienne Rich

*Little Girls In Church* Kathleen Norris, 2014-10-30 Although Kathleen Norris's best selling *Dakota A Spiritual Geography* has brought her to the attention of many thousands of readers she is first and last a poet Like Robert Frost another poet identified with a particular landscape she can reveal the miraculous in the ordinary and she writes with clarity humor and deep sympathy for her subjects

**Timber and Prayer** Afaa Michael Weaver, 1995-04-15 Weaver's life studies and lyrics are imbued with a vivid sense of language a vivid sense of the world a

vivid sense of their inseparability And his tonal range from unabashed passion to the subtlest velleity is impressive indeed This is a singular talent Henry Louis Gates Jr      **Mad River** Jan Beatty, 2014-01-08 Winner of the 1994 Agnes Lynch Starrett Poetry Prize Winner of the 2000 Creative Achievement Award from the Pittsburgh Cultural Trust In every poem she keeps her fury contained but omnipresent so that it resembles a cornered dog s warning growl yet she hints of happier possibilities Booklist      *School Figures* Cathy Song, 2020-02-24 In choosing Cathy Song s first book for the Yale Series of Younger Poets Richard Hugo said that her poems are bouquets to those moments in life that seemed minor but in retrospect count the most In this Song s third book the poems are like the school figures an ice skater etches onto the ice the pen moving silently and deliberately across a white expanse of paper and experience bringing maximum pressure to bear upon the blade of language to unlock the invisible fire beneath the ice      *Late Empire* David Wojahn, 2014-09-24 Late Empire David Wojahn s most wide ranging collection of poetry affirms his status as one of the most compelling and original voices of his generation In these poems private history and public history mingle and merge in a way that is by turns deeply personal and elegiac Centered around two masterful elegies for the writer s parents the poems also treat an array of subjects familiar to us from news events but rarely examined by contemporary poetry
