# SUSTAINABLE WEB DESIGN

*how to build it*

The internet may be digital, but it carries a very physical cost. From energy that is used to create languages to servers, the choices we make to use this web can pile up electricity and left our carbon- and water-related prints, which do not go to the environment.

But don't hope small, thought changes in design and development can reduce the damage while the making the web more efficient in the face of a changing climate. In *Sustainable Web Design*, Tim Greenwood offers a practical guide to learn more about efficient websites that are not only better for the planet, but better for our users.

Cloninger wrote *Fresh Styles for Web Designers* arguing that beauty actually enhances usability. Since then styles and technologies have evolved but clients still expect sites that both function well and visually entice. This book will inspire web designers and developers to deliver sites that do both. There are plenty of web design books that teach code. There are several books about contemporary print design that discuss visual aesthetics. This book stands out because it synthesizes experimental web design innovations with commercial marketing goals without ignoring usability concerns.

**The Best of the Independent Rhetoric and Composition Journals 2010** Steve Parks, Linda Adler-Kassner, 2011-03-26. THE BEST OF THE INDEPENDENT RHETORIC AND COMPOSITION JOURNALS 2010 represents the result of a nationwide conversation beginning with journal editors but expanding to teachers, scholars, and workers across the discipline of Rhetoric and Composition to select essays that showcase the innovative and transformative work now being published in the field's independent journals. Representing both print and digital journals in the field, the essays featured here explore issues ranging from classroom practice to writing in global and digital contexts, from writing workshops to community activism. Together, the essays provide readers with a rich understanding of the present and future direction of the field.
