as encouraging trust and engagement with the other The study addresses major contributions to each of these ethical traditions the strengths and weaknesses of the tradition and the ways in which the tradition provides support for peace education It is argued in the thesis that each tradition provides only a partial basis for peace education and that ultimately a holistic and integrative understanding is required one that encourages a culture of peace an important addition to the emerging literature on peace education and the culture of peace From the Foreword by Koichiro Matsuura Director General of UNESCO
