

Standard 4 Review Sheet / Key Idea 2

Living Environment

The living things in an area interacting with their physical environment make up an ecosystem.

Organisms which can make their own food by photosynthesis are called autotrophs or producers.

primary consumers are herbivores which eat producers.

secondary consumers are consumers which eat primary consumers.

autotrophs -- organisms able to make its own food (usually using the life process of photosynthesis)

heterotrophs -- is an organism which depends upon other organisms for its food

habitat -- is the place an organism lives

niche -- is the role of an organism in the environment, especially its feeding role.

** No 2 species can occupy the same ecological niche.

As the number of organisms in an ecosystem and their interactions increase, the stability of the ecosystem increases.

Organize the four ecological levels of organization from simplest to most complex.

population (one species) → community (more than one species in an area) → ecosystem (community plus physical factors) → biosphere (all parts of world where life is found)

Life Processes

digestion -- breakdown of food to simpler molecules which can enter the cells

circulation -- the movement of materials within an organism or its cells

movement -- (locomotion) change in position by a living thing

excretion -- removal of waste products by an organism (wastes may include carbon-dioxide, water, and urea in urine and sweat)

Standard 4 Review Sheet Key Idea 5 Answer Sheet

Mary Rosenberg

Standard 4 Review Sheet Key Idea 5 Answer Sheet:

Algebra - Task Sheets Vol. 5 Gr. 6-8 Nat Reed,2015-02-01 This is the chapter slice Word Problems Vol 5 Gr 6 8 from the full lesson plan Algebra For grades 6 8 our resource meets the algebraic concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways Each task sheet is organized around a central problem taken from real life experiences of the students The pages of this resource contain a variety in terms of levels of difficulty and content to provide students with a variety of differentiated learning opportunities Included are opportunities for problem solving patterning algebraic graphing equations and determining averages The task sheets offer space for reflection and opportunity for the appropriate use of technology Also contained are assessment and standards rubrics review sheets color activity posters and bonus worksheets All of our content meets the Common Core State Standards and are written to Bloom s Taxonomy STEM and NCTM standards

Algebra - Task Sheets Vol. 4 Gr. 6-8 Nat Reed,2015-02-01 This is the chapter slice Word Problems Vol 4 Gr 6 8 from the full lesson plan Algebra For grades 6 8 our resource meets the algebraic concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways Each task sheet is organized around a central problem taken from real life experiences of the students The pages of this resource contain a variety in terms of levels of difficulty and content to provide students with a variety of differentiated learning opportunities Included are opportunities for problem solving patterning algebraic graphing equations and determining averages The task sheets offer space for reflection and opportunity for the appropriate use of technology Also contained are assessment and standards rubrics review sheets color activity posters and bonus worksheets All of our content meets the Common Core State Standards and are written to Bloom s Taxonomy STEM and NCTM standards

Geometry - Task Sheets Vol. 4 Gr. 6-8 Mary Rosenberg,2015-02-01 This is the chapter slice Word Problems Vol 4 Gr 6 8 from the full lesson plan Geometry For grades 6 8 our resource meets the geometry concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways Each task sheet is organized around a central problem taken from real life experiences of the students The pages of this resource contain a variety in terms of levels of difficulty and content so as to provide students with a variety of differentiated learning opportunities Included in our resource are activities on two and three dimensional shapes fractions coordinate points and composing and decomposing shapes The task sheets offer space for reflection and opportunity for the appropriate use of technology Also contained are assessment and standards rubrics review sheets color activity posters and bonus worksheets All of our content meets the Common Core State Standards and are written to Bloom s Taxonomy STEM and NCTM standards

Algebra - Task Sheets Gr. 6-8 Nat Reed,2009-11-01 Start using your Algebra skills to solve day to day problems Our resource provides task and word problems surrounding real life scenarios Calculate your total pay for cutting lawns using a formula Compare equations to find the best deal for running an ad Match patterns with the rules that govern them Find the individual prices of

different balls using a chart then calculate the total sum Graph the solution to x on the number line Compare the answers of an equation on a scientific and basic calculator Identify which step in solving an equation was wrong The task sheets provide a leveled approach to learning starting with grade 6 and increasing in difficulty to grade 8 Aligned to your State Standards and meeting the concepts addressed by the NCTM standards reproducible task sheets drill sheets review and answer key are included
