Stanley and Record Bailey planes were always the tradesman's choice when it came to quality planes. Most of the once thriving Sheffield industry, however, has disappeared, with only Stanley and Footprint still casting the Bailey pattern plane in the UK, and these

don't match the quality of yore. Today, many planes come from China and India, but they're generally troubled by poor grinding and/or movement in the casting.

However, the good news is that if you hanker after the variety of the Stanley sizes

but don't want to buy second-hand, they're all available in upmarket configurations from the likes of Lie Nielsen, Veritas and Clifton, whose tools offer you a product that's almost ready to go straight out of the box.
