British Television Space Adventure John Kenneth Muir, 2015-09-15 Blake's 7 Terry Nation's science fiction tale of cosmic freedom fighters became a hit series in Great Britain when it premiered in 1978. Eight years later the show quickly became a cult program in America. A dramatization of futuristic outlaw heroes who defend the innocent from both alien and human conquering forces, the series might better be said to be equal parts Robin Hood and The Magnificent Seven. The series defied traditional genre elements of science fiction television and developed the concept of the continual story arc years before such shows as Babylon 5 and Deep Space Nine. This book provides a critical history and episode guide for Blake's 7, including commentaries for all 52 episodes. Also included are analytical essays on the show dealing with such topics as themes, imagery, and story arc; a consideration of the series as a futuristic Robin Hood myth; cinematography and visual effects; and an overview of Blake's 7 in books, comics, and videos. A detailed appendix lists the genre conventions found in the series. The author also includes information about Blake's 7 fan clubs and Internet sites.

Doctor Who and the Art of Adaptation Marcus K. Harmes, 2014-05-01 Although it started as a British television show with a small but devoted fan base, Doctor Who has grown in popularity and now appeals to audiences around the world. In the fifty-year history of the program, Doctor Who's producers and scriptwriters have drawn on a dizzying array of literary sources and inspirations. Elements from Homer, classic literature, gothic horror, swashbucklers, Jacobean revenge tragedies, Orwellian dystopias, Westerns, and the novels of Agatha Christie and Evelyn Waugh have all been woven into the fabric of the series. One famous storyline from the mid-1970s was rooted in the Victoriana of authors like H. Rider Haggard and Arthur Conan Doyle, and another was a virtual remake of Anthony Hope's *The Prisoner of Zenda* with robots. In *Doctor Who and the Art of Adaptation: Fifty Years of Storytelling*, Marcus Harmes looks at the show's frequent exploration of other sources to create memorable episodes. Harmes observes that adaptation in Doctor Who is not just a matter of transferring literary works to the screen, but of bringing a diversity of texts into dialogue with the established mythology of the series, as well as with longstanding science fiction tropes. In this process, original stories are not just

resituated but transformed into new works Harmes considers what this approach reveals about adaptation television production the art of storytelling and the long term success and cultural resonance enjoyed by Doctor Who Doctor Who and the Art of Adaptation will be of interest to students of literature and television alike and to scholars interested in adaptation studies It will also appeal to fans of the series interested in tracing the deep cultural roots of television s longest running and most literate science fiction adventure Cop Shows Roger Sabin,Ronald Wilson,Linda Speidel,2015-03-23 From cops who are paragons of virtue to cops who are as bad as the bad guys from surly loners to upbeat partners from detectives who pursue painstaking investigation to loose cannons who just want to kick down the door the heroes and anti heroes of TV police dramas are part of who we are They enter our living rooms and tell us tall tales about the social contract that exists between the citizen and the police Love them or loathe them according to the ratings we love them they serve a function They ve entertained informed and sometimes infuriated audiences for more than 60 years This book examines Dragnet Highway Patrol Naked City The Untouchables The F B I Columbo Hawaii Five O Kojak Starsky Hutch Hill Street Blues Cagney Lacey Miami Vice Law Order Homicide Life on the Street NYPD Blue CSI The Shield The Wire and Justified It s time to take another look at the perps the vics and the boys and girls in blue and ask how their representation intersects with questions of class gender sexuality and race What is their socio cultural agenda What is their relation to genre and televisuality And why is it that when a TV cop gives a witness his card and says call me that witness always ends up on a slab
