TV Guide ,2004 *Looking for the Good War* Elizabeth D. Samet,2021-11-30 A remarkable book from its title and subtitle to its last words A stirring indictment of American sentimentality about war Robert G Kaiser The Washington Post In *Looking for the Good War* Elizabeth D Samet reexamines the literature art and culture that emerged after World War II bringing her expertise as a professor of English at West Point to bear on the complexity of the postwar period in national life She exposes the confusion about American identity that was expressed during and immediately after the war and the deep national ambivalence toward war violence and veterans all of which were suppressed in subsequent decades by a dangerously sentimental attitude toward the United States exceptional history and destiny Samet finds the war s ambivalent legacy in some of its most heavily mythologized figures the war correspondent epitomized by Ernie Pyle the character of the erstwhile G I turned either cop or criminal in the pulp fiction and feature films of the late 1940s the disaffected Civil War veteran who looms so large on the screen in the Cold War Western and the resurgent military hero of the post Vietnam period Taken together these figures reveal key elements of postwar attitudes toward violence liberty and nation attitudes that have shaped domestic and foreign policy and that respond in various ways to various assumptions about national identity and purpose established or affirmed by World War II As the United States reassesses its roles in Afghanistan and the Middle East the time has come to rethink our national mythology the way that World War II shaped our sense of national destiny our beliefs about the use of American military force throughout the world and our inability to accept the realities of the twenty first century s decades of devastating conflict [Focus On: 100 Most Popular National Basketball Association All-Stars](#) Wikipedia contributors, *Focus On: 100 Most Popular United States Men's National Basketball Team Players* Wikipedia contributors, **Harness Horse** ,1981 **The Men of March** Brian Curtis,2003 This book takes a one of a kind look at what it means and what it takes to be a head coach in the college arena of the new millennium **Blue Ribbon College Basketball Forecast** Chris Dortch,2002-10 A one stop source for the media coaches players NBA scouts and serious fans
