Let Me Perish From Starvation's Love Limelight,2021-06-30 Let Me Perish From Starvation s Love By Limelight When Limelight s mind goes a wandering look out From uproariously funny to tragic this collection of short stories and poems will have you scratching your skull and wondering what kind of person can come up with these weird wacky words LET ME PERISH FROM STARVATION S LOVE will surely keep you entertained and ultimately expose you to seeing the world in a new light *My Sister's a Barista* John Simmons,2004 Just like the character in Moby Dickwho gives the company its name Starbucks has spread to every part of the world making it one of today s most recognizable brands In this thoughtful and elegantly written book John Simmons explores the Starbucks story providing fascinating insight into the factors that have made Starbucks a world class brand Like McDonald s and Coca Cola Starbucks has recently suffered at the hands of anti globalization protesters That alone is an indication of the reach and size of Starbucks today Go to Beijing or Moscow and you will find Starbucks just like you would find McDonald s What people there are buying is not just a latte or a Big Mac but a brief excursion into America and the luxury that is seen to be American But with the Starbucks story there is also a deeper level that links with the sense that this brand through its shops creates gathering places for local communities As a result Starbucks is the quintessential brand of the modern age The New Ecology of Leadership David K. Hurst,2014-10-07 David Hurst has a unique knowledge of organizations their function and their failure both in theory and in practice He has spent twenty five years as an operating manager often in crises and turnaround conditions and is also a widely experienced consultant teacher and writer on business This book is his innovative integration of management practice and theory using a systems perspective and analogies drawn from nature to illustrate groundbreaking ideas and their practical application It is designed for readers unfamiliar with sophisticated management concepts and for active practitioners seeking to advance their management and leadership skills Hurst s objective is to help readers make meaning from their own management experience and education and to encourage improvement in their practical judgment and wisdom His approach takes an expansive view of organizations connecting their development to humankind s evolutionary heritage and cultural history It locates the origins of organizations in communities of trust and follows their development and maturation He also crucially tracks the decline of organizations as they age and shows how their strengths become weaknesses in changing circumstances Hurst s core argument is that the human mind is rational in an ecological rather than a logical sense In other words it has evolved to extract cues to action from the specific situations in which it finds itself Therefore contexts matter and Hurst shows how passion reason and power can be used to change and sustain organizations for good and ill The result is an inspirational synthesis of management theory and practice that will resonate with every reader s experience **The Hotel Mogel** Larry Mogelonsky,Adam Mogelonsky,2018-08-29 The Hotel Mogel is the fifth anthology book in Larry Mogelonskys series following The Llama is Inn 2016 Hotel Llama 2015 Llamas Rule 2013 and Are You an Ostrich or a Llama
