Altman, 2016-06-28 Volume one of a fifty year oral history of Star Trek by the people who were there in their own words sharing never before told stories *Beginning XSLT* Jeni Tennison, 2013-11-11 Welcome Welcome to Beginning XSLT a comprehensive introduction to the Extensible Stylesheet Language Transformations Who is this Book For This book introduces those with a little knowledge of markup languages HTML XML etc to the exciting world of XSLT No prior programming knowledge is assumed or needed This is a beginning book so we will aim to teach you everything you need to know from scratch This book will be equally beneficial to designers and programmers alike What's Covered in this Book This book is divided into two parts The first part introduces XML and XSL T bit by bit gradually demonstrating the techniques that you need to generate HTML and other formats from XML The second part pulls the theory together by looking at some of the other things that you can do with XSLT including generating formats other than HTML pulling information out of a variety of XML formats and validating XML **The Secret World of Johnny Depp** Nigel Goodall, 2010-06-07 Nigel Goodall has written more than a dozen books including the best selling Winona Ryder Blake 1998 nominated for the Samuel Johnson Prize for Non Fiction in 1999 He was a production associate for Channel 4's The Real Winona Ryder His other books include Elton John A Visual Documentary an illustrated Rolling Stones book and the bestseller Kylie Naked A Biography Ebury 2002 with Jenny Stanley Clarke He writes

for magazines and contributes to various album video and television projects Nigel is divorced with two children The Emergence of Global Multi-media Conglomerates Greg MacDonald,1990 *An Episode in the Life of a Landscape Painter* César Aira,2006-05-25 A brief and dramatic visit to the pampas gives him the chance to fulfill his ambition but a strange episode that he cannot avoid absorbing savagely into his own body interrupts the trip and irreversibly marks him for life Jacket *Afterzen* Janwillem van de Wetering,2001-03-08 In *Afterzen* van de Wetering provides unorthodox solutions to a collection of classical koans found in Walter Nowick's *The Wisteria Triangle* Van de Wetering gives them his own distinctive touch of humor down to earth reality and tough spirituality in the context of meeting and adventures with personalities collaged from bits and pieces of teachers and fellow students who kindly came my way In this third book of the trilogy van de Wetering is at his accessible honest funny and genuinely spiritual best **The Fifty-Year Mission: The First 25 Years** Edward Gross,Mark A. Altman,2016-06-28 Breathtaking in scope and depth this uncensored oral history is a must read for Star Trek lovers Booklist starred review The original Star Trek series debuted in 1966 and has spawned five TV series spin offs and more than a dozen feature films *The Fifty Year Mission* is a no holds barred oral history of five decades of Star Trek told by the people who were there Full of behind the scenes detail and surprising revelations it is the unauthorized uncensored and unbelievable true story behind the making of a pop culture phenomenon In their own words hundreds of television and film executives programmers writers creators and cast members unveil the oftentimes shocking story of Star Trek's pioneering vision constant reinvention and ever expanding universe an epic saga that spans from the classic series to the animated show More than just a book for Star Trek fans *The Fifty Year Mission* is for all fans of pop culture and anyone interested in the nuts and bolts of a television touchstone **Indian Stereotypes in TV Science Fiction** Sierra S. Adare,2009-08-17 According to an early 1990s study 95 percent of what college students know about Native Americans was acquired through the media leading to widespread misunderstandings of First Nations peoples Sierra Adare contends that negative Indian stereotypes do physical mental emotional and financial harm to First Nations individuals At its core this book is a social study whose purpose is to explore the responses of First Nations peoples to representative Indian stereotypes portrayed within the TV science fiction genre Participants in Adare's study viewed episodes from *My Favorite Martian* *Star Trek* *Star Trek Voyager* *Quantum Leap* *The Adventures of Superman* and *Star Trek The Next Generation* Reactions by viewers range from optimism to a deep rooted sadness The strongest responses came after viewing a *Superman* episode's depiction of an evil medicine man who uses a ceremonial pipe to kill a warrior The significance of First Nations peoples' responses and reactions are both surprising and profound After publication of *Indian Stereotypes in TV Science Fiction* ignorance can no longer be used as an excuse for Hollywood's irresponsible depiction of First Nations peoples' culture traditions elders' religious beliefs and sacred objects **The First Liar** MC Rising,2025-09-02 Software engineer Tori Jaecar has made it At least that's what she tells herself Her coworkers suck she hates life in the big city and she's starving for

meaning in life since her brother's death but who cares Happiness is a small price to pay for success When Tori's boss is murdered in front of her she's saved by part time monster hunter full time bad boy Vince Lenoir and their destinies entwine In their hunt for the killer they embark on an odyssey of epic proportions literally Legendary villains from Greek mythology have moved to America They threaten to send humanity back to the classical era To stop them Tori and Vince must answer three questions who they are who do they want to be and who lies at the heart of it all *Chasing North Star* Heidi

McCrary, 2025-07-30 Germany 1940 While struggling to survive at an orphanage young Didi crosses paths with a rebellious quirky girl who will either help her escape a life of abuse and uncertainty or lead her down an even darker path Fast forward to 1970 With help from a worn leather journal another young girl learns the story of Didi who escaped war torn Germany for a better life in America except her life didn't turn out as expected The stories of these two girls intertwine and eventually collide one Christmas night when Didi all grown up finally remembers the secret she buried long ago *Chasing North Star* looks back at a time when four free range siblings cigarettes in hand roamed the streets til sunrise and hid from a gun toting mentally ill mother who couldn't help herself Stingray bicycles transistor radios and late nights in the cemetery just another day in Alamo That is until the youngest sibling stumbles upon Didi's story *Lost Federations* A. J. Black, 2023-10-05

SPACE THE FINAL FRONTIER THESE WERE ALMOST THE VOYAGES OF THE STARSHIP ENTERPRISE We think we know the history of Star Trek Born at the height of 1960s popular culture the five year mission of Captain James T Kirk and his crew faced early cancellation bounced back with a series of beloved movies in the 1980s and gave way to a fleet of successful sequels and spin offs that kept on exploring strange new worlds In *Lost Federations* The Unofficial Unmade History of Star Trek author A J Black tells a different story This is an alternate history of the franchise one filled with roads not taken from early 1960s feature films and spin offs the original sequel Star Trek Phase II in the 1970s via epic planned movies such as Planet of the Titans and into many untold episodes arcs and character stories from The Next Generation Deep Space Nine and Voyager all the way through to the modern era Bringing together pre existing material over decades for the first time in one space plus some new reflections from Star Trek writers and analysis of how it all fits into the wider cultural trends of the last sixty years *Lost Federations* invites you to boldly explore a history you may not already know *Censored 2004* Peter

Phillips, Project Censored, 2003-10-07 The yearly volumes of *Censored* in continuous publication since 1976 and since 1995 available through Seven Stories Press is dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship The top stories are listed democratically in order of importance according to students faculty and a national panel of judges Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories *Science Fiction Television Series* Mark Phillips, Frank

Garcia, 2014-05-12 Whether rocketing to other worlds or galloping through time science fiction television has often featured the best of the medium The genre's broad appeal allows youngsters to enjoy fantastic premises and far out stories while

offering adults a sublime way to view the human experience in a dramatic perspective From Alien Nation to World of Giants this reference work provides comprehensive episode guides and cast and production credits for 62 science fiction series that were aired from 1959 through 1989 For each episode a brief synopsis is given along with the writer and director of the show and the guest cast Using extensive research and interviews with writers directors actors stuntmen and many of the show s creators an essay about each of the shows is also provided covering such issues as its genesis and its network and syndication histories

The Star-Spangled Future Norman Spinrad,2011-09-29 American Dream or American Nightmare Norman Spinrad describes The Star Spangled Future America is something new under the sun not so much a nation at all as a precog flash of the future of the species I wrote believing that I was simply writing disconnected science fiction stories from whatever came into my head And they all turned out to be about America the leading edge of all possible futures unfolding around us After all that was what was coming into my head that s the mother lode of science fiction realities the American fusion plasma of which we are creatures and all we have to do is keep ourselves open to it that s my definition of science fiction We have seen the future and it is us *The Minus Faction - Episode Six* Rick Wayne,2016-10-01 Knowing the Day, Knowing the World Lesley Green,David R. Green,2013-12-05 Based on more than a decade of research in Palikur lands known as Arukwa in the state of Amap Brazil Knowing the Day Knowing the World reconsiders the dialogue between formal scholarship and Amerindian ways of knowing Beginning and ending with a public archaeology project in the region the book engages head on with Amerindian ways of thinking about space time and personhood Demonstrating that Palikur knowledges are based on movement and a careful theorization of what it means to be present in a place the book makes a sustained case for engaging with different ways of knowing It shows how this kind of research can generate rich dialogues about nature reality and the ethical production of knowledge The structure of the book reflects a gradual comprehension of Palikur ways of knowing during the course of field research The text enters into the ethnographic material from the perspective of familiar disciplines history geography astronomy geometry and philosophy and explores the junctures in which conventional disciplinary frameworks cannot adequately convey Palikur understandings Beginning with reflections on questions of personhood ethics and ethnicity the authors rethink assumptions about history and geography They learn and recount an alternative way of thinking about astronomy from the Palikur astronomical narratives and they show how topological concepts embedded in everyday Palikur speech extend to different ways of conceptualizing landscape In conclusion they reflect on the challenges of comprehending alternative cosmologies and consider the insights that come from allowing ethnographic material to pose questions of modernist frameworks

Comic Books and Other Hooks: 21st Century Education Manfred J. von Vulte,2013-12-27 21st Century education is at the cross roads It can continue to be defined by a narrow scope benefiting the median student who can muster moments of brilliance assisted by the technology he or she so easily wields or it can salvage what was deemed noble by tradition and merge them with the modernistic tools and

educational innovations of the new century Education has reached a point where its students and parents have either seen the limitations of the system and accepted them or have forged some external responses to them These retorts can be seen in the following manifestations the rise of after school athletics where sports are now played that have been deemed too aggressive for school the explosion of tutoring centres who are capitalizing on the fact that process has been a small part of the curriculum and rudimentary skills are overshadowed by what can be best described as educational pulp and finally the growth of the independent private schools and home schooling where total abdication from public systems has come to rest Comic books robotics industrial arts instrumental music cooking camping fine art and other genuine experiential initiatives need to be examined by today s schools The empty promises of video games and their ethereal claim to genuine experience has produced a significant student body that is resigned to mediocrity and virtual encounters that provide neither the authentic feeling of victory nor the reviled sting of true defeat Students are looking for the genuine in their teachers lessons and activities 21st Century education by comic book or by hook will rest in the power of professional dynamism and the authentic teaching of practice process and prolonged proficiency

Star Trek and Philosophy Kevin Decker Jason Eberl, 2010-10 From cult to mainstream the Star Trek epic has gone where no work of dramatic art has gone before to become the most popular imaginary world yet conceived The same restless and relentless spirit of exploration that propels the voyages of the starship Enterprise is also the driving force of philosophical wonder throughout human history Star Trek and philosophy share the same prime directive testing ideas from our past and present to progressively improve our future In Star Trek and Philosophy twenty one professional philosophers put their brains into warp drive to probe the limits of the limitless expanding our knowledge of the furthest reaches of thought while also delving deep into the human essence A philosophical feast for Trekkies and other sci fi fans One of the things that makes Star Trek so exciting is the philosophical angle it has often presented Reading this terrific book will prolong and deepen that excitement

Starry Sky Episode Guide Introduction

In today's digital age, the availability of Starry Sky Episode Guide books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Starry Sky Episode Guide books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Starry Sky Episode Guide books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Starry Sky Episode Guide versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Starry Sky Episode Guide books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Starry Sky Episode Guide books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Starry Sky Episode Guide books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain

books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Starry Sky Episode Guide books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Starry Sky Episode Guide books and manuals for download and embark on your journey of knowledge?
