Long Term Care Monitoring Tools Nora Wellington, 2012-06-15 Meal time is an opportunity for residents to experience good Quality of Life in their home while they interact with each other and with the staff. These monitoring tools will help the staff gauge whether the residents are having a great meal time experience, a good meal time experience, or a not so good meal time experience. When surveyors come to your facility, this is one of the important aspects of care they observe. These tools will help you before the surveyors walk through your doors.

Medicare and Medicaid Guide, 2006

Medicare and Medicaid Participating Facilities John E. Dicken, 2010-02 Americans receive care from tens of thousands of health care facilities participating in Medicare and Medicaid. To ensure the quality of care, the Centers for Medicare and Medicaid Services (CMS) contracts with states to conduct periodic surveys and complaint investigations. The auditor evaluated survey funding, state workloads, and federal oversight of states' use of funds since FY 2000 to determine if federal funding had kept pace with the changing workload. He analyzed 1) federal funding trends from FY 2000 through 2007 and CMS's methodology for determining states' allocations and spending; 2) CMS data on the number of participating facilities and completed state surveys; and 3) CMS oversight of state spending. Includes recommendations.
