construction ship maintenance search rescue and salvage operations repeatedly give impetus to training and development  
 Navy diving is no longer limited to tactical combat operations wartime salvage and submarine sinkings Fleet diving has  
 become increasingly important and diversified since World War II A major part of the diving mission is inspecting and  
 repairing naval vessels to minimize downtime and the need for dry docking Other aspects of fleet diving include recovering  
 practice and research torpedoes installing and repairing underwater electronic arrays underwater construction and locating  
 and recovering downed aircraft
