Personalising Learning in the Primary Classroom Dr Elaine Wilmot, 2006-10-09 Personalising learning is the hot topic on the government's education agenda It is seen to be the way forward to get the very best out of every child and it forms the focus of this timely new book by Crown House Publishing *Personalising Learning in the Primary Classroom* will Challenge the schools thinking about how they teach Encourage schools to put the learner at the heart of the educational agenda Support primary schools in their work to meet this challenge Consider all aspects of learning and teaching in the primary school and Provide useful questions for the reader to consider their own working practices in the context of personalising learning Personalising learning is seen as a powerful solution to reforming our current education system in order to meet individual learning needs and thereby raise standards Where current thinking has personalising learning in the secondary sector the author argues that for personalising learning to be successful children must start making real choices
