Business and Society Doctor Kean Birch, Mark Peacock, Richard Wellen, Caroline Hossein, Sonya Scott, Alberto Salazar, 2017-01-15 Corporations dominate our societies. They employ us, sell to us, and influence how we think and who we vote for, while their economic interests dictate local, national, and global agendas. Written in clear and accessible terms, this much-needed textbook provides critical perspectives on all aspects of the relationship between business and society, from an historical analysis of the spread of capitalism as the foundation of the corporate revolution in the late nineteenth century to the regulation, ethics, and exclusionary implications of business in contemporary society. Furthermore, it examines how corporate power and capitalism might be resisted, outlining a range of alternatives from the social economy through to new forms of open access or common ownership.

States of Crisis and Post-Capitalist Scenarios Heiko Feldner, Fabio Vighi, 2017-05-15 States of Crisis and Post-Capitalist Scenarios engages with the crisis of our capitalist world with a view to explaining its origins, unravelling its symptoms, and demystifying the anodyne corrective solutions so far proposed. At the same time, it endorses the necessity for utopian interventions aimed at drastically rethinking our social order. Organised around the themes of economy and politics, critical theory, and culture, in order to offer an impressive range of thematic perspectives and critical angles, the book delves into the most pressing of today's quandaries by combining stringent critical analysis with creative foresight. A rigorous
