Carolyn Wang

Introduction

The main purpose of this teaching plan is to introduce students to descriptive texture and help them develop descriptive writing, which includes the description of people, objects, and places. We hope that with the help of these materials, students can learn the skills of description and apply them to their writing. We also hope they will learn to combine them with narration, with which descriptive writing is often blended.

In the first paragraph, the author describes the geographical environment of Chiufen, its function for a busy modern person, how a visitor may feel about its view and atmosphere, and the way of life of its residents. There are many concrete examples that are intended to draw the attention of readers, and these can be discussed and discovered by students. Following this, there is a narrative account of Chiufen's history. However, in narrating
