Evans, David Gibbons, 2011-08-15 An overview of World War II from the events leading up to the war to the war crimes trials after the war in a timeline format **World War II: Discover the History of World War 2 and the Powerful Lessons you can Learn and How to Apply Them to your Daily Life** Old Natural Ways, Rebecca Hartman, 2018-11-01 World War II was by far one of the most significant wars of all times. Ripples of the splash this war made on history are still being felt today. Even more so than its predecessor, this was the most comprehensive global war. The focal point of provided to many is the European battle front, but there was just as much if not more in Asia and even in Africa and the Americas. This war ushered in new battle tactics and humanitarian issues that would have far reaching consequences. The war showed the unimportance of painting scenes by numbers rather the significance of a well laid strategy and the arising importance of technology. Treatment of prisoners, use of inhumane weaponry and mass killings resulted in a new look at the actions of war. New international structures were put in place to keep this from happening. The fresh understanding of the negative impacts on society have kept countries in a more peaceful state with countries not allying up to confront another alliance but countries allying together to right previous wrongs. Some of those wrongs are even products of World War 2. Aside from repercussions on the war front, the outcomes of World War II have provided interesting new behavioral paradigm changes and ways of living. The actual battlefield has received a lot of attention and so have the aftereffects in a global political scope but very little attention has been given to the way that people have thought since the conclusion of World War II. Being met with such atrocities and gruesome battles, the world changed absolutely and for the better. Let's explore the lessons that can be taken away from World War II and consider how to apply these lessons to your daily life. First let's try to get a better understanding of the battlefield and the events leading up to it.
