2012 GCSE English results Great Britain: Parliament: House of Commons: Education Committee, 2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007/09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do

China's Policy towards the South China Sea Lingqun Li, 2018-02-19 This book provides an explanation of Chinese policy towards the South China Sea and argues that this has been sculpted by the changing dynamics of the law of the sea in conjunction with regional geopolitical flux The past few decades have witnessed a bifurcated trend in China's management of territorial disputes Over the years while China gradually calmed and settled most land border disputes with its neighbors disputes on the ocean frontier continued to simmer in a seething cauldron China's Policy towards the South China Sea attributes the distinctive path of China's approach to maritime disputes to a unique factor the law of the sea LOS as the rules of the road in the ocean By deconstructing the concept of sovereignty and treating the LOS as an evolving regime the book examines how the changing dynamics of the LOS regime have complicated and reshaped the nature and content of sovereign disputes in the ocean regime as well as the options of settlement Applying the findings to the South China Sea case the author traces the learning curve on which China has embarked to comprehend the complexity of the dispute accordingly and finds that it is the dynamic interaction of the law of the sea regime and the geopolitical conditions that has driven the evolution of China's South China Sea policy This book will be of great interest to students of Chinese and Asian politics international law international relations and security studies

Swansea University Sam Blaxland, 2020-06 Swansea University Campus and Community in a Post War World 1945 2020 marks Swansea University's centenary It is a study of post Second World War academic and social change in Britain and its universities as well as an exploration of shifts in youth culture and the way in which higher education institutions have interacted with people and organisations in their regions It

covers a range of important themes and topics including architectural developments international scholars the changing behaviours of students protest and politics and the multi layered relationships that are formed between academics young people and the wider communities of which they are a part Unlike most institutional histories it takes a bottom up approach and focuses on the thoughts feelings and behaviours of people like students and non academic staff who are normally sidelined in such accounts As it does so it utilises a large collection of oral history testimonies collected specifically for this book and throughout it explores how formative paradoxical and unexpected university life can be European Rail Timetable ,2010-11 *Legislative Calendar* United States.
