diversity is often the result of politically strategic decisions and bureaucratic logic as well as of the conflicts between snobbish metropolitan intellectuals and stubborn locals American Guides reveals the significance of cultural federalism and the indelible impact that the Federal Writers Project continues to have on the American literary landscape **Pitman's Journal of Commercial Education** ,1891 *Skills for Literary Analysis (Teacher)* James P. practices depicted in literature for young readers Lesley combines approaches from critical race theory disability studies and educational philosophy in order to investigate how the educational market simultaneously constrains how racism in schools can be presented to young readers and also provides channels for radical critiques of pedagogy and visions of alternative systems The volume examines a range of titles from novels that directly engage the Brown v Board of Education decision such as Sharon Draper's *Fire From the Rock* and Dorothy Sterling's *Mary Jane* to novels that engage less obvious legacies of desegregation such as Cynthia Voigt's *Dacey's Song* Sharon Flake's *Pinned* Virginia Hamilton's *The Planet of Junior Brown* and Louis Sachar's *Holes* This book will be of interest to scholars of American studies children's literature and educational philosophy and history
