the pragmatic and the socio cultural dimensions. This gives turn to state that the students written performance is better at the recognition level than the production due to the negative interference of their mother tongue The book concludes that Kurd EFL learners at the university level face serious difficulties when writing in English The inappropriateness of their written performance can be attributed to the negative effects of their first language lack of contact with English native speakers and culture as well as the limited opportunities to have been in English speaking communities Therefore for enhancing EFL university students written performance it is recommended that they should be introduced to the English culture through adding pragmatics and English Culture as two separate subject matters to the curricula and to arrange summer courses for the students in English speaking countries UK and US in particular **Statistics for Social** Understanding Nancy E. Whittier, Tina Wildhagen, Howard J. Gold, 2024-08-06 Statistics for Social Understanding introduces statistics as it s used in the social sciences as a tool for advancing understanding of the social world. The authors provide thorough coverage of social science statistical topics a balanced approach to calculation and step by step directions on how to use both SPSS and Stata software giving students the ability to analyze data and explore exciting questions In Depth boxes encourage critical thinking by tackling tricky statistical queries and each chapter concludes with a chapter summary a section on using Stata a section on using SPSS and practice problems All problems have been accuracy checked by an outside panel of reviewers Readily available datasets for classroom use include material from institutions such as the American National Election Study General Social Survey World Values Survey and the School Survey on Crime and Safety Statistics for Social Understanding is accompanied by a learning package written entirely by author Tina Wildhagen that is designed to enhance the experience of both instructors and students Conjectures and Evidences Rakhahari Chatterji, Partha Pratim Basu, Jyotiprasad Chatterjee, Suprio Basu, 2023-06-23 This book examines some of the major and most commonly used methods and statistics necessary for social science research It is meant primarily for the beginners and hence does not require any prior training in research methodology or statistics. The methods discussed include aggregate data analysis the method of survey research experimental and quasi experimental research designs participant observation content analysis and focus groups study In a separate chapter the issue of quantitative and qualitative research methods and their uses has been discussed An attempt has been made to assess these methods especially from the point of view of their adoption and application by social scientists working in the developing economies Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan or Bhutan **BUKU AJAR STATISTIKA (Di Bidang Gizi Masyarakat)** Rachmah Indawati, 2024-12-27 Dalam buku ini Secara umum materi berisi dua konsep utama yaitu statistika deskriptif dan statistika inferensial Buku ajar ini ditulis berdasarkan kompilasi dari berbagai buku referensi baik teks bahasa Indonesia dan Inggris Dilanjutkan dengan uji t dan uji analysis of variance ANOVA satuarah Buku ajar dilengkapi dengan latihan soal dan tes formatif
