**T. S. Eliot: Critical Essays** Mariwan N. H. Barznji, Latef S. N. Berzenji, 2017-08-02 This edited book is the work of four years where the writers try to present a different study and understanding of some of T S Eliot's poetry and his unique style of being a modern poet not exactly like the other modernist poets such as Ralph Waldo Emerson We have found that Eliot in his poetry and prose writings was a modernist writer who unlike other modernist poets did not accept the way others rejected the values of religion and tradition Eliot focuses more on the role of religion and tradition in the psychological state of the individual and its impact upon the social stability His viewpoint regarding the vital role of spirituality in the life of the individual could be clearly seen in his poetic poems and prose writings but this aspect has been too little or not tackled as it is done with Homer

**Illness as Narrative** Ann Jurečič, 2012-03-12 For most of literary history personal confessions about illness were considered too intimate to share publicly By the mid twentieth century however a series of events set the stage for the emergence of the illness narrative The increase of chronic disease the transformation of medicine into big business the women s health movement the AIDS HIV pandemic the advent of inexpensive paperbacks and the rise of self publishing all contributed to the proliferation of narratives about encounters with medicine and mortality While the illness narrative is now a staple of the publishing industry the genre itself has posed a problem for literary studies What is the role of criticism in relation to personal accounts of suffering Can these narratives be judged on aesthetic grounds Are they a collective expression of the lost intimacy of the patient doctor relationship Is their function thus instrumental to elicit the reader s empathy To answer these questions Ann Jurecic turns to major works on pain and suffering by Susan Sontag Elaine Scarry and Eve Sedgwick and reads these alongside illness narratives by Jean Dominique Bauby Reynolds Price and Anne Fadiman among others In the process she defines the subgenres of risk and pain narratives and explores a range of critical responses guided alternately by narrative empathy the hermeneutics of suspicion and the practice of reparative reading Illness as Narrative seeks to draw wider attention to this form of life writing and to argue for new approaches to both literary criticism and teaching narrative Jurecic calls for a practice that s both compassionate and critical She asks that we consider why writers compose stories of illness how readers receive them and how both use these narratives to make meaning of human fragility and mortality
