Gender, Psychology, and Justice Corinne C. Datchi, Julie R. Ancis, 2017-04-18 Reveals how gender intersects with race class and sexual orientation in ways that impact the legal status and well being of women and girls in the justice system Women and girls contact with the justice system is often influenced by gender related assumptions and stereotypes The justice practices of the past 40 years have been largely based on conceptual principles and assumptions including personal theories about gender more than scientific evidence about what works to address the specific needs of women and girls in the justice system Because of this women and girls have limited access to equitable justice and are increasingly caught up in outdated and harmful practices including the net of the criminal justice system Gender Psychology and Justice uses psychological research to examine the experiences of women and girls involved in the justice system Their experiences from initial contact with justice and court officials demonstrate how gender intersects with race class and sexual orientation to impact legal status and well being The volume also explains the role psychology can play in shaping legal policy ranging from the areas of corrections to family court and drug court Gender Psychology and Justice provides a critical analysis of girls and women's experiences in the justice system It reveals the practical implications of training and interventions grounded in psychological research and suggests new principles for working with women and girls in legal settings

Crime Modeling and Mapping Using Geospatial Technologies Michael Leitner, 2013-01-19 Recent years in North America have seen a rapid development in the area of crime analysis and mapping using Geographic Information Systems GIS technology In 1996 the US National Institute of Justice NIJ established the crime mapping research center CMRC to promote research evaluation development and dissemination of GIS technology The long term goal is to develop a fully functional Crime Analysis System CAS with standardized data collection and reporting mechanisms tools for spatial and temporal analysis visualization of data and much more Among the drawbacks of current crime analysis systems is their lack of tools for spatial analysis For this reason spatial analysts should research which current analysis techniques or variations of such techniques that have been already successfully applied to other areas e.g. epidemiology location allocation analysis etc can also be employed to the spatial analysis of crime data This book presents a few of those cases

Understanding Gender Violence Jenn Freitag, 2025-02-04 Despite 50 years of activism legal changes and crisis service provision there is no

evidence to suggest any widespread decrease in rates of gender violence in the U S or around the world Public awareness of gender violence is arguably at its highest but its impact causes and complexities are largely misunderstood by most of the general public *Understanding Gender Violence A Comprehensive Approach* opens with an exploration of recent efforts to end gender violence It introduces the common dynamics shared by all forms of gender violence and offers definitions of each type Freitag then explores the prevalence of gender violence across various cultural intersections and establishes the impact of this issue from the individual to the global level The text then explains how cultural ideas about gender lead to gender violence and its widespread acceptance It reveals how factors like difficult life experiences and underdeveloped social and emotional skills contribute to the problem Finally Freitag debunks common misperceptions and offers starting points for responding to the realities of gender violence Throughout the text case studies drawn from pop culture and the author s own work connect key ideas to real world scenarios A comprehensive framework offers seasoned professionals a way to reframe and address gender violence with more efficiency collaboration and success than ever before This book s paradigm shifting perspective will change how crisis advocates activists researchers educators and students respond to and work to end any type of gender violence in any context *Rethinking Gender, Crime, and Justice* Claire M.
