Anti-Foreign Imagery in American Pulps and Comic Books, 1920-1960 Nathan Vernon Madison,2013-01-17 In this thorough history the author demonstrates via the popular literature primarily pulp magazines and comic books of the 1920s to about 1960 that the stories therein drew their definitions of heroism and villainy from an overarching nativist fear of outsiders that had existed before World War I but intensified afterwards These depictions were transferred to America s new enemies both following U S entry into the Second World War and during the early stages of the Cold War Anti foreign narratives showed a growing emphasis on ideological as opposed to racial or ethnic differences and early signs of the coming multiculturalism indicating that pure racism was not the sole reason for nativist rhetoric in popular literature The process of change in America s nativist sentiments so virulent after the First World War are revealed by the popular inexpensive escapism of the time pulp magazines and comic books
