Golann, 2025-03-18 An inside look at a no excuses charter school that reveals this educational model's strengths and weaknesses and how its approach shapes students Silent single file lines Detention for putting a head on a desk Rules for how to dress how to applaud how to complete homework Walk into some of the most acclaimed urban schools today and you will find similar recipes of behavior designed to support student achievement But what do these scripts accomplish Immersing readers inside a no excuses charter school Scripting the Moves offers a telling window into an expanding model of urban education reform Through interviews with students teachers administrators and parents and analysis of documents and data Joanne Golann reveals that such schools actually dictate too rigid a level of social control for both teachers and their predominantly low income Black and Latino students Despite good intentions scripts constrain the development of important interactional skills and reproduce some of the very inequities they mean to disrupt Golann presents a fascinating sometimes painful account of how no excuses schools use scripts to regulate students and teachers She shows why scripts were adopted what purposes they serve and where they fall short What emerges is a complicated story of the benefits of scripts but also their limitations in cultivating the tools students need to navigate college and other complex social institutions tools such as flexibility initiative and ease with adults Contrasting scripts with tools Golann raises essential questions about what constitutes cultural capital and how this capital might be effectively taught Illuminating and accessible Scripting the Moves delves into the troubling realities behind current education reform and reenvisioning what it takes to prepare students for long term success **This Much I Know About Love Over Fear ...** John Tomsett, 2015-06-15 This Much I Know about Love

Over Fear is a compelling account of leading a values driven school where people matter above all else Weaving autobiography with an account of his experience of headship John Tomsett explains how in an increasingly pressurised education system he creates the conditions in which staff and students can thrive Too many of our state schools have become scared soulless places John Tomsett draws on his extensive experience and knowledge and calls for all those involved in education to find the courage to develop a leadership wisdom which emphasises love over fear Creating a truly great school takes patience Ultimately truly great schools don't suddenly exist You grow great teachers first who in turn grow a truly great school There is a huge fork in the road for head teachers one route leads to executive headship across a number of schools and the other takes head teachers back into the classroom to be the head teacher John strongly believes that if the head teacher is not teaching or engaged in helping others to improve their teaching in their school then they are missing the point The only thing head teachers need obsess themselves with is improving the quality of teaching both their colleagues and their own This Much I Know about Love Over Fear is an authentic personal narrative of teaching leadership and

discovering what really matters It gets to the heart of what is valuable in education and offers advice for those working in schools
