interaction for L2 learning The Routledge Handbook of Applied Linguistics James Simpson, 2011-03-15 The Routledge Handbook of Applied Linguistics serves as an introduction and reference point to key areas in the field of applied linguistics. The five sections of the volume encompass a wide range of topics from a variety of perspectives: applied linguistics in action, language learning, language education, language culture and identity, perspectives on language in use, descriptions of language for applied linguistics. The forty-seven chapters connect knowledge about language to decision making in the real world. The volume as a whole highlights the role of applied linguistics which is to make insights drawn from language study relevant to such decision making. The chapters are written by specialists from around the world. Each one provides an overview of the history of the topic, the main current issues and possible future trajectory. Where appropriate, authors discuss the impact and use of new technology in the area. Suggestions for further reading are provided with every chapter. The Routledge Handbook of Applied Linguistics is an essential purchase for postgraduate students of applied linguistics. Editorial board: Ronald Carter, Guy Cook, Diane Larsen Freeman and Amy Tsui.

Social Interaction and Teacher Cognition Li Li, 2017-02-06 Investigates language teachers' thoughts, beliefs and knowledge through the lens of social interaction. In the past decade, there has been a surge of interest in the study of language teacher cognition: what language teachers know, think and believe and of its relationship to teachers' classroom practices. *Social Interaction and Teacher Cognition* is the first book to use a discursive psychological perspective to examine teacher cognitions. Informed by conversation analysis (CA), the book offers a close examination of cognition in interaction in three distinctive aspects: learning to teach, novice and expert teachers' cognition and interactive decision making. The book views cognition as a socially constructed and contextual process and treats interaction as a framework that deals with psychological matters in a public and visible way. It will be of particular relevance to those researching teacher cognition in EFL contexts and will appeal to anyone interested in the study of classroom interaction. Features a three-part structure of survey, analysis and application. Takes a discursive psychological approach to teacher cognitions. Uses conversation analysis to examine cognition in interaction. Provides detailed examples of language in interaction in EFL contexts.

Researching Language Teacher Cognition and Practice Roger Barnard, Anne Burns, 2012-09-04 This book presents a novel approach to discussing how to research language teacher cognition and practice. An introductory chapter by the editors and an overview of the research field by Simon Borg precede eight case studies written by new researchers, each of which focuses on one approach to collecting data. These approaches range from questionnaires and focus groups to think aloud, stimulated recall and oral reflective journals. Each case study is commented on by a leading expert in the field: JD Brown, Martin Bygate, Donald Freeman, Alan Maley, Jerry Gebhard, Thomas Farrell, Susan Gass and Jill Burton. Readers are encouraged to enter the conversation by reflecting on a set of questions and tasks in each chapter.
