Pentecostalism is a movement that in a little over a century has encircled the globe and either directly or indirectly has impacted and influenced every quarter of Christendom At its heart the movement bears witness to a contemporary experience of divine human encounter in line with the prophetic claims of the Old Testament and the Pentecost testimony of the New indeed an encounter with the power the presence the Spirit of God that is radically transformative enough at both personal and corporate levels to evoke a new way of seeing the world and with it a new way of reading the Word In the post

modern situation that has forced all of us to a greater awareness of the contextual particularities of how we see and read things with all of the limitation and the illumination that this can entail it is time for offering a survey of Scripture and the Old Testament in particular that speaks both from and to the manifold global context of Pentecostal faith and practice Here the authors are deft guides affirming the integration of academic scholarship and charismatic spirituality They present thoughtful readers with an overview of the Old Testament that is explicitly engaged with the faith and practice of the Pentecostal movement and the recent scholarship that has been generated by this contemporary global Christian movement especially as it bears upon biblical interpretation They invite readers to approach scripture reading with the expectation of being encountered and addressed by a Living Voice flipping the primary goal of biblical study from us interpreting Scripture to Scripture reading and interpreting us In addition to treating each Old Testament book individually this textbook offers a brief chapter length introduction to each of the four major book collections as standardized in the Protestant Bible s arrangement of Old Testament Scriptures 1 Pentateuch 2 Historical Books 3 Poetical Books and 4 Prophets

Psalms of Christ Daniel H. Fletcher, 2018-05-10 The book of Psalms is a treasure trove of teaching about Jesus Christ While the church has traditionally recognized only about fifteen psalms as messianic anticipating God s promised Messiah the issue is how Christians should understand the other 135 psalms of the Hebrew Psalter Psalms of Christ applies the New Testament conviction that the whole book of Psalms speaks prophetically about Christ to select non messianic psalms Following the New Testament as the guide for how to read the Old in light of the gospel Psalms of Christ proposes fresh readings of so called non messianic psalms by illustrating their christological character and exploring how they testify to the gospel by evoking Jesus s person purpose and passion
