AS LIFE** Adrian Gabriel Dumitru, Between a lie and the real truth we ll always prefer the lie The human being is illogical It always was and will always be Allowing the nonsense to dominate all the time Somehow is a paradox But in the real life we paint so so nicely the lies into an abstract way that we might even believe all is good I ve believed the same many many times Obviously ignoring or rejecting the real truth And i try to understand myself See the logic of my behaviour Unfortunately all is a total nonsense I just prefer the lies Especially the ones said into a beautiful way Between a lie and the real truth I ll always accept to live in illusion But you know why Well most certainly the truth hurts too much Yes life is not perfect My life either So i ll just continue living in illusion till all will be so obvious that i can t deny the truth Most certainly it will be late much too late I ve became aware that my time is limited and one day my life will end and i ll prove that I ve wasted all my existence but Maybe i am just a coward like many many others Probably same as you Living in lies is a way of living The way in how we waste our existences by thousands of years Yes we don t care about truth about awakening About learning the lessons beyond the nonsense But this is the way we are And we should just accept it Maybe define what is going on Also why Analyse deeply so that into the end we should just redefine our attitude in front of the lies *The princess syndrome* Adrian Gabriel Dumitru, The contemporary woman no matter who she really is has a tremendous need of being treated as a princess Understanding this fact is probably one of the most important rules into a relationship I mean understanding and accepting it On the other hand not realising this need is almost a catastrophe The same person we loved and loved us so much into one point simple start to act with us horrible being a bitch And believing there is absolutely no explanation for such a change of behaviour we continue life together having a miserable existence but living with the illusory hope that all will be fine Unfortunately the change never happens All remains the same even if the beginning was maybe so so beautiful Yes a nonsense Many men believe the same Of course me too The question is why the woman metamorphose herself into a bitch having the only purpose to make our experiences miserable Should we accept it I mean accept it as normality Or readapt Well as far as i ve saw till now men simple replace the woman with another woman hoping into a better life but the real truth is that after a while all becomes the same And again pretending we are idiots we ask the same question why Why Why So maybe the men do something wrong Most certainly yes I would dare to say that we treat the woman so nice into the begging really making her believe she is a princess But later on we change the attitude The woman feels fooled betrayed Being a bitch becomes just a reaction maybe a normal one I would love to explore

with all of you this need of the contemporary women In fact this trend of being and feeling like a princess Having in mind just one idea to enlighten all the men from this world of why relationships stop being what they used to be Encyclopedia of Television Horace Newcomb,2014-02-03 The Encyclopedia of Television second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the Encyclo pedia of Television 2nd edition website
