Time And Tide:

Time and Tide Femi Adedina, 2018 *Recreation*, 1903 **Between the Pigeonholes** Alison Falby, 2020-12-15 Aldous Huxley described Gerald Heard as that rare being a learned man who made his mental home on the vacant spaces between the pigeonholes Heard's off beat interests made him a cultural and intellectual pioneer on both sides of the Atlantic in the middle decades of the twentieth century Despite accolades from such figures as E M Forster who characterized him as one of the most penetrating minds in England and Christopher Isherwood who described him upon his death as one of the few great magic mythmakers and revealers of life's wonder Heard is largely unknown today *Between the Pigeonholes* is the first published full length study of Gerald Heard Alison Falby examines Heard's ideas and contexts in interwar Britain and postwar America demonstrating his significance in several important twentieth century movements These movements include popular science and psychology psychical research Eastern spirituality pacifism cooperativism and Californian counter culture All of Heard's involvements expressed his desire to convey religious ideas in the modern languages of biological social and physical science Falby also traces Heard's shifting political leanings from left liberal in the early 1930s to libertarian in the early 1960s She finds that his modernist theological approach conventionally associated with liberal religion and politics provided spiritual fodder for those on both the Left and the Right Isherwood and W H Auden on the one hand and Clare Boothe Luce and *Spiritual Mobilization* on the other Using Heard as a prism through which to examine popular ideas Falby shows that the twentieth century contained much political and religious heterogeneity This heterogeneity illustrates the diverse and overlapping roots of both liberal religion and conservative politics in the twenty first century **It is Your Life** James Barbour Johnstone, 2023-03-09 Reprint of the original first published in 1872 Ilsa Madeleine L'Engle, 2017-02-07 Long out of print the second novel by the bestselling author of *A Wrinkle in Time* looks at the darker side of love in a Southern town From the moment Henry Porcher first sees Ilsa Brandes he worships her Despite controversy surrounding the young girl Henry is drawn to her a fascination that turns into a lifelong infatuation As the years pass Ilsa's memory never leaves him not until the day he returns to their sleepy Southern hometown and renews their childhood friendship Henry watches as she becomes a wife then a mother then a widow irrevocably changed by tragedy Out of print for nearly six decades this rare and sought after novel is a portrait of a remarkable woman bound by both the stifling conventions of her time and place and her own sense of honor and purpose A departure from L'Engle's later works *Ilsa* is a dark intriguing novel about passion fixation and the real price of unrequited love by an author renowned for her children's classics as well as her candid personal memoirs This ebook features an illustrated biography of Madeleine L'Engle including rare images from the author's estate **'Red Ellen' Wilkinson** Matt Perry, 2015-07-01 Unearthing new evidence to provide a richer understanding of her life this study now available in paperback delves beyond the familiar image of Ellen Wilkinson on the Jarrow Crusade From a humble background she ascended to the rank of minister in the 1945 Labour government Yet
