

My Summer

"Ring, ring, ring!" I jumped for joy at the sound of the school bell on the last day of school. I couldn't wait for school to be out because I knew I was going to have an amazing summer!

First of all, I went to Arizona to visit my Aunt Cindy. For two weeks, I had fun with my favorite aunt. When she saw me, she said, "How's my favorite niece?" I replied, "I'm your only niece!" We had a great time shopping, swimming, and baking cookies. It's always great to visit my Aunt Cindy.

After I got back home, I stayed up late many nights and watched a lot of movies. I like scary movies, but my mom always says, "Scary movies keep you up at night!" She won't let me watch them during the school year. However, she lets me watch some scary movies in the summer since I don't have to get up for school. Staying up late is awesome!

Finally, I did my favorite activity of all. I worked on my crafty scrapbooking projects. There were boxes of pictures just waiting for me to turn them into cute scrapbook pages. I missed my friends from school, so I enjoyed creating colorful pages to help me remember all the fun we had. I made some fantastic scrapbook pages!

I like school, but I love summer! It's really the best time of the year. I wish it would never end!

Teachers Nancy A. Wasser, 2021-08-16 I just cannot write or I am not a good writer are familiar complaints from students in academia Many of them claim they cannot express themselves clearly in written text and their lack of this skill impedes them in their academic career In this book Nancy A Wasser argues that teachers can help solve this when they start viewing writing not as secondary to reading but as the equally important side of the same coin Those who cannot read will not be able to write Wasser explains how teaching and regular practicing of writing skills from an early age onwards helps children grow into students who are self aware of their voices By employing narrative as a process of learning to write and a way to read teachers can teach children the art of writing while also making children more aware of their own constructions of narrative Combining the focus on individual and group expression in writing lessons students can trace and reflect on their own life transformations through their writing process Good writers are not born that way but made through effort and practice Changes in curriculum may not only lead to better expressed citizens but also to more balance between teacher and children voices [Must-see Websites for Parents & Kids](#) Lynn Van Gorp, 2007-10-15 Collects websites that are family friendly and may be useful for homework with suggestions regarding navigation and possibly useful tools
