**The JCT Intermediate Building Contracts 2005** David Chappell, 2008-04-15 The 2005 version of the JCT Intermediate Building Contract has introduced a very different looking contract format and a number of changes to contract conditions A completely new Intermediate Building Contract with Contractor s Design has also been issued This well established guide which has been thoroughly updated looks at the changes and key aspects of both forms and takes account of new case law since the last edition of the book published in 1999 It also discusses the new subcontract agreements

**The JCT Design and Build Contract 2005** David Chappell, 2008-04-15 The Joint Contracts Tribunal issued a new Design and Build Form in 2005 a successor to the JCT Standard Form of Building Contract with Contractor s Design It looks substantially different from its predecessor and it is different in structure and often in its wording This major new edition of David Chappell s well regarded book has been substantially revised to take account of the new contract terms and different structure It also considers the standard novation agreements from the CIC and City of London Law Society and more than 70 additional cases It discusses areas where problems frequently arise the allocation of design responsibility discrepancies the role of the employer s agent payment provisions the approval of drawings

*Better by Design?* Roger Knowles, David M. Chappell, 1990

Parris's Standard Form of Building Contract David Chappell, 2008-04-15 The Joint Contracts Tribunal Standard Form of Building Contract JCT 98 is now a well established and widely used form That is not to say however that it is always well understood It is a large complex contract with a number of particularly difficult provisions It is not surprising therefore that not much guidance has been published on the form This book first written by John Parris in 1982 and revised in 1985 was widely regarded as a valuable commentary on the Standard Form Unavailable for some years it has now been substantially updated and completely rewritten by David Chappell Major changes have occurred since the last edition including a raft of amendments to the contract itself much new legislation including the Housing Grants Construction and Regeneration Act 1996 and substantial new case law The book covers all these as well as the complex performance specified work provisions and the difficult problems of nomination The nominated sub contract conditions are referred to where appropriate and the book contains guidance on related matters such as warranties letters of intent and quantum meruit The book is not simply a re writing of the contract in simple terms It contains very valuable insights and much needed guidance on some of the lesser known implications of the current form The book will provide a valuable reference for clients professional advisers and contractors as well as for lawyers needing an introduction to the contract

**The JCT Minor Works Building Contracts 2016** David Chappell, 2017-08-30 The revised and updated edition of this classic book on the JCT Minor Works Building

Contracts The JCT Minor Works Building Contracts 2016 offers a concise overview of this agreement which continues to be the most popular JCT contract as it is used on the sorts of small works that most architects and builders encounter routinely. Written in straightforward terms the book is formatted in short chapters with accessible sub headings and the author avoids legal and pseudo legal wording where possible. Some explanations from first principles are included where it is thought they would be helpful and occasionally where the precise legal position is unclear the author uses his significant experience to offer a view. Overall the information is presented in a manner that it is easy to understand, use and reference. The 2016 edition of the contract contains a great many changes from previous editions and these are all covered. For example the book includes information about the substantially revised payment provisions, changes to those parts dealing with insurance, variation instructions, the CDM Regulations, Supplemental Provisions, definitions and the Contractor's Designed Portion. In summary this fifth edition has been comprehensively revised and updated to ensure the discussion is easy to comprehend and use by busy architects and contractors. Include a number of tables and flowcharts to assist in understanding the way the contract operates. Include several letter templates that can be used in common situations. Provide answers to the sorts of problems that commonly arise in the course of a building project. The new edition of this classic book on The JCT Minor Works Building Contracts will be an ideal tool for busy architects and contractors who need to find what to do when problems arise on projects using this contract.

*Contractual Correspondence for Architects and Project Managers* David Chappell, 2006-03-16 This book provides over 160 model letters with commentary for use with all the main JCT 2005 building contracts. It concentrates on problems which can arise during a project and draws on the author's extensive experience as a contracts consultant. It is a companion to the author's *Standard Letters in Architectural Practice* which covers more routine matters. The revised Fourth Edition takes account of the 2005 editions of the JCT Standard Building Contract, the Intermediate Building Contract and the Minor Works Building Contract both with their contractor's design versions ICD and MWD, the 2004 updates of the Standard Form of Agreement for the Appointment of an Architect, changes to case law since the last edition was published in 1996. It will be an invaluable guide for architects, building surveyors and project managers.

*The JCT Minor Works Building Contracts 2005* David Chappell, 2008-04-15 The Minor Works Building Contract is the most widely used of the JCT forms of contract, not only for simple short contracts of moderate price for which it is intended but also for much larger projects for which it is often not suited at all. As a result contractual difficulties can arise and despite the form's simplicity an understanding of the legal background to the form is essential. This book explains the practical applications of the form from the point of view of the employer, architect and contractor. It provides a straightforward explanation of the legal aspects of the form supported by flow charts, tables and sample letters. The Fourth Edition has been revised to cover the 2005 edition of the form which has given the contract a completely new look. The book now covers the new JCT Minor Works Building Contract with contractor's
