Q1. Difference between confidentiality and anonymity? (3)

Answer:

Anonymity means you don't know who the participants are, while confidentiality means you know who they are but remove identifying information from your research report. Both are important ethical considerations.

Q2. Justify scientific knowledge is empirical in nature. (3)

Answer:

Science knowledge is based on empirical evidence. Science disciplines share common rules of evidence used to evaluate explanations about natural systems. Science includes the process of coordinating patterns of evidence with current theory.
