Staar English II April 2013:

Dual Language Bilingual Education Kathryn I. Henderson, Deborah Palmer, 2020-04-15 This book explores the role of the teacher in dual language bilingual education DLBE implementation in a time of nationwide program expansion in large part due to new and unprecedented top down initiatives at state and district level The book provides case studies of DLBE teachers who a implemented the DLBE model with fidelity b struggled to implement the DLBE model and c adapted the DLBE model to meet the needs of their local classroom context The book demonstrates the way teachers as language policymakers navigate and interpret district wide DLBE implementation and the tensions that surface through this process The research conducted over four years using a variety of methods highlights the challenges and opportunities faced by teachers implementing DLBE and will be of interest to both teachers and administrators of DLBE programs as well as scholars working in bilingual education

The Mismeasure of Education Jim Horn, Denise Wilburn, 2013-07-01 With new student assessments and teacher evaluation schemes in the planning or early implementation phases this book takes a step back to examine the ideological and historical grounding potential benefits scholarly evidence and ethical basis for the new generation of test based accountability measures After providing the political and cultural contexts for the rise of the testing accountability movement in the 1960s that culminated almost forty years later in No Child Left Behind and Race to the Top this book then moves on to provide a policy history and social policy analysis of value added testing in Tennessee that is framed around questions of power relations winners and losers In examining the issues and exercise of power that are sustained in the long standing policy of standardized testing in schools this work provides a big picture perspective on assessment practices over time in the U S by examining the rise of value added assessment in Tennessee a fine grained and contemporary case is provided within that larger context The last half of the book provides a detailed survey of the research based critiques of value added methodology while detailing an aggressive marketing campaign to make value added modeling VAM a central component of reform strategies following NCLB The last chapter and epilogue place the continuation of test based accountability practices within the context of an emerging pushback against privatization high stakes testing and other education reforms This book will be useful to a wide audience including teachers parents school leaders policymakers researchers and students of educational history policy and politics

Dual Language Education: Teaching and Leading in Two Languages David E. DeMatthews, Elena Izquierdo, 2019-05-13 This book provides a comprehensive and interdisciplinary examination of dual language education for Latina o English language learners ELLs in the United States with a particular focus on the state of Texas and the U S Mexico border The book is broken into three parts Part I examines how Latina o ELLs have been historically underserved in public schools and how this has contributed to numerous educational inequities Part II examines bilingualism biliteracy and dual language education as an effective model for addressing the inequities identified in Part I Part III examines research on dual language education in a large urban

school district a high performing elementary school that serves a high proportion of ELLs along the Texas Mexico border and best practices for principals and teachers This volume explores the potential and realities of dual language education from a historical and social justice lens Most importantly the book shows how successful programs and schools need to address and align many related aspects in order to best serve emergent bilingual Latino as from preparing teachers and administrators to understanding assessment and the impacts of financial inequities on bilingual learners Peter Sayer The Ohio State University USA

Students of Color and the Achievement Gap Richard R. Valencia, 2015-03-05 Students of Color and the Achievement Gap is a comprehensive landmark analysis of an incontrovertible racialized reality in U S K 12 public education the relentless achievement gap between low socioeconomic students of color and their economically advantaged White counterparts Award winning author and scholar Richard Valencia provides an authoritative and systemic treatment of the achievement gap focusing on Black and Latino Latina students He examines the societal and educational factors that help to create and maintain the achievement gap by drawing from critical race theory an asset based perspective and a systemic inequality approach By showing how racialized opportunity structures in society and schools ultimately result in racialized patterns of academic achievement in schools Valencia shows how the various indicators of the achievement gap are actually symptoms of the societal and school quality gaps Following each of these concerns Valencia provides a number of reform suggestions that can lead to systemic transformations of K 12 education Students of Color and the Achievement Gap makes a persuasive and well documented case that school success for students of color and the empowerment of their parents can only be fully understood and realized when contextualized within broader political economic and cultural frameworks

The Politics of African-American Education Kenneth J. Meier, Amanda Rutherford, 2016-08-22 Based on the 1 800 largest school districts in the United States over a decade The Politics of African American Education documents the status of African American education and the major role that partisanship plays The book brings together the most comprehensive database on minority education to date that centers around three arguments First partisanship permeates African American education it affects who is elected to the school board the racial composition of school administrators and teachers and the access of African American students to quality education Second African American representation matters The effectiveness of African American representation however is enhanced in Democratic districts while representation in Republican districts has little influence Third political structures matter but they are not determinative Two different structures election rules and the independent school district create the rules of the game in US education politics and policy but do not limit others from using those rules to change the outcome

Engaging Teacher Candidates and Language Learners With Authentic Practice Lenkaitis, Chesla Ann, Hilliker, Shannon M., 2019-06-28 Teacher candidates need authentic practice with language learners so that they can test and hone their skills based on the concepts learned in their teacher education programs with real students These candidates need practice before and beyond student teaching and fieldwork If they are given the chance to
