No Debate Jon Thompson, 2012-06-28 During 2008 2009 Israel lobby organizations made concerted efforts to block a planned conference on statehood for Israel and Palestine at Toronto's York University This book is a report of an independent investigation by author Jon Thompson for the Canadian Association of University Teachers an organization that has been active in the defence of free speech and academic freedoms which have been challenged on Canadian campuses Controversy began at York soon after the Israel Palestine conference was advertised and intensified over the following months The event was repeatedly denounced and university administrators were deluged by irate e mails and phone calls York as the host university was warned of boycotts and the cessation of donations and was denounced in fullpage newspaper ads When York and its co sponsors stood their ground the Israel lobby persuaded the Harper government to contact SSHRC an academic funding agency also involved with the event In response SSHRC made an unprecedented intervention The Canadian Association of University Teachers then made a public issue of the government's interference and in the end the conference was held as planned This book establishes the facts of the case provides a context for understanding it and explores the meaning of academic freedom in Canada Author Jon Thompson proposes measures which universities and university faculty members can take to better safeguard their ability to discuss and debate ideas which some may wish to silence

Margolin,2012-12-06 This book is a work of conscience It is the product of a long standing feeling of obligation on my part to write something useful for a special group of people to which you probably belong individuals who seek grants In my years as Director of the New York library of The Foundation Center each and every day I encountered numbers of individuals look ing for grant money Although

I tried to be as supportive as possible in the face of the particular problems shared by this group of library users my own reaction was one of relative helplessness Simply stated most of the fund raising guides printed directories and computer files purport edly created to serve the fund raising public are of little or no use to individuals who seek funding on their own These resources are directed The Foundation Center is the independent nonprofit organization established by foun dations to provide information for the grant seeking public vii viii I PREFACE toward the nonprofit tax exempt agency which is the most common recipient of foundation corporate and government largess They are not designed to respond to the special requirements of the individual grant seeker In the applicant eligibility index the Catalog of Federal Domestic Assistance defines individuals as homeowners students farmers artists scientists consumers small business persons minors refugees aliens veterans senior citizens low income persons health and educational professionals builders contractors developers handicapped persons the physically afflicted In short practically everyone qualifies
