The Hyphenateds Phil Snider, 2011-12-12 Though the emergent church was once viewed as a fringe movement with little to offer established congregations it is now seen as one of the central driving forces shaping the future of postmodern Christianity in North America As an increasing number of mainline communities wonder how the emergent church influences their own structures and practices this book brings together the perspectives of several of the most prominent Hyphenated Christians i e those with one foot in the emergent conversation and the other foot in the mainline church Presbyterians Anglicans Lutherans Methodists etc With a passion for both mainline traditions and the emergent conversation Hyphenateds offer a vibrant and contagious vision of the ways in which the church might undergo the transformation necessary to faithfully embody the love of Christ in the midst of an ever changing postmodern world The contributors of this book offer wisdom from a variety of contexts and The Hyphenateds reflects the changing dynamics currently taking place in the emergent conversation

Peacebuilding in a Fractious World Richard Penaskovic, Mustafa Sahin, 2017-10-23 In January 2017 Mikhail Gorbachev former president of the Soviet Union said that it looks as if the world is preparing for war And Pope Francis noted that war is already being fought piecemeal around the world In this book we argue that since violence begets violence we must privilege soft power over military might if we are to have peace on earth Gandhi used soft power in India overcame British military might and King used it to bring about integration in the 1960s Soft power brought about the nuclear nonproliferation treaty the Kyoto climate agreement and Iran s agreement to refrain from making nuclear weapons Soft power involves both dialogue between world leaders and conflict resolution and privileges diplomacy over war As General James Mattis said in 2013 If you don t fund the State Department fully then I need to buy more ammunition

Following Francis Susan Pitchford, 2006-05-01 A wonderful resource to guide admirers of the humblest of saints what it means to live out the Christian life with a Franciscan accent In a little town in Italy nearly 800 years ago Francis of Assisi renounced everything he owned to follow Christ with passionate and single minded abandon Even today centuries later this simple saint draws people around the world to his

story of living in humility love and joy Here in Following Francis Susan Pitchford tells her own story of the Franciscan life as a member of the Third Order founded by Francis himself so that people from all walks of life can follow the saint s ideal without leaving their homes or occupations Pitchford learned that the Franciscan tradition isn t the exclusive possession of monks cloistered in a monastery but a spiritual path for ordinary people living in the 21st century **Diversity of**

Vocations Marie Dennis,2008 A Catholic mother with six children who is also a member of a Franciscan community in the inner city reflects on the many wonderful ways we can all serve in the Body of Christ sometimes all at once **Christianity and the Culture Machine** Vincent F. Rocchio,2016-08-05 Christianity and the Culture Machine is a precedent shattering approach to combining theories of media and culture with theology In this intensive examination of Christianity s role in the cultural marketplace the author argues that Christianity s inability to effectively contest the ideology of secular humanism is not a theological shortcoming but rather a communications problem the institutional church is too wedded to an outmoded aesthetic of Christianity to communicate effectively Privileging authority and obedience over the egalitarian and transformative goal of Christianity the church fails to recognize how it undermines the vitality of the Christian narrative and message In the absence of a more compelling vision offered by the official church a new aesthetic can be found forming within the margins of popular culture texts Despite its past failures in representing the Bible in mainstream film and television the culture industry now offers more compelling versions of core Christian theology without even realizing it within the margins of the main storylines This book analyzes the aesthetic principles employed by these appropriations and articulations of Christian discourse as a means of theorizing what a new aesthetic of Christianity might look like

Transformative Lutheran Theologies Mary J. Streufert,2010 The first of its kind this book is a systematic presentation of Lutheran feminist womanist and mujerista theologies systematic in that it addresses classical loci of systematic theology contemporary in that it is resoundingly constructive and relevant for the contemporary church and feminist in that the contributors write from a feminist perspective although they reflect a variety of positions within feminist discourse The contributors to this multi authored work share a common commitment to Lutheran theology as a continual process of reform Luther is a partner in the conversation because of his theological insights and commitment to faithful criticism which the writers seek to continue not because his voice settles a debate The book focuses on central themes that Luther addressed and that are representative of Lutheranism today including justification by grace through faith and Luther s theology of the cross From diverse contexts these Lutheran theologians like Luther seek reformation by giving voice to new perspectives in theology that continue to transform the church and the world Along with Mary J Streufert contributors include Krista E Hughes Kathryn A Kleinhans Kristen E Kvam L DeAne Lagerquist Mary E Lowe Lois Malcolm Anna Mercedes Cynthia Moe Lobeda Cheryl M Peterson Mary Joy Philip Caryn D Riswold Deanna A Thompson Marit Trelstad Alicia Vargas and Beverly Wallace A remarkable addition to the rich history of Lutheran theology Not only have these theologians opened doors to fresh

new worlds of Lutheran thought they've done so in a way that honors the past by extending it forward I can't wait to use Transformative Lutheran Theologies in class I've been waiting twenty years for a text like this Imagine teaching Luther's thought and placing it by side with these cutting edge essays Luther would no doubt be proud maybe even a bit envious Serene Jones President and Roosevelt Professor of Systematic Theology Union Theological Seminary New York On Our Way Dorothy Bass, Susan Briehl, 2018-02-01 Early adulthood is a time of possibility uncertainty decision and hope During these years individuals determine how they will approach life challenges and opportunities In On Our Way Christian Practices for Living a Whole Life writers from a variety of backgrounds address topics of particular relevance to young adults The essays are grouped in 5 sections that together express the whole living a whole life attentively together in the real world for the good of all in response to God On Our Way looks at common subjects in fresh meaningful ways It presents study for example as not synonymous with reading books or with academic reflection though it may well include these Instead this essay explains study as a particular kind of attending to Christ and the world a particular stance of curiosity vigilance and openness to learning an openness that extends even to unlearning what we have previously learned to take for granted Other chapters explore such subjects as discerning God's call friendship and intimacy care for creation knowing and loving our neighbors of other faiths doing justice As young adults move away from the confines of home school and church youth group this book will serve as an excellent resource While it speaks from a Christian perspective its broad approach makes it appealing both to Christians and to those who consider themselves spiritual but not religious Well suited for individual reading or group discussion On Our Way is an excellent companion for young adults seeking their place in today's world

Catholic Perspectives on Sports Patrick Kelly, Patrick Michael Kelly, 2012 According to author Patrick Kelly Catholics have always engaged in play and sports During the Middle Ages games and sports were played on feast days and Sundays and these activities are shown in prayer books in woodcuts and on stained glass windows in churches and cathedrals Contrary to the view of some sports historians pre Reformation Christians did not loathe the flesh but instead insisted on the unity of body and soul Book jacket *Keeping the Ink Wet* Kevin G. Yell, 2025-01-09 Preachers worship leaders and actors are all trying to do one thing make the words on the page come alive making the texts of their respective authors flesh in real time and space To do it successfully takes a mixture of natural talent skills training and lots of rehearsal It's the work of communication and the purpose is always to invite the audience or congregation into an experience of some mix of truth beauty hope and reconciliation Performers take years training in the skills needed Ministers unfortunately often receive very little help or support in developing their own unique way of taking what is inside them their faith and questions their love and wisdom and using that depth to open the living word of God This book offers a journey through the wisdom and practice of theater for their benefit A script after all is just a starting point It is neither a play nor an act of worship until it has a body with breath to give it life Each of us is that body called to play with the Author to find meaning in the words Consider this an

disavow but which it was unable entirely to destroy Franciscan friars appear in the work of some of the most popular and influential writers and artists from the fourteenth to the eighteenth centuries reflecting the centrality of the Order to ongoing debates within English culture about religion and national identity The book discusses in detail the work of Geoffrey Chaucer Thomas Malory Thomas More William Shakespeare William Hogarth Edward Gibbon Ann Radcliffe and Matthew Lewis It explores the individual responses of these writers and artists to the Franciscans and their legacy and also highlights the ways in which this shared interest in the Order reveals hitherto unacknowledged connections between their work Cry of the Earth, Cry of the Poor Leonardo Boff, 1997 Focusing on the threatened Amazon of his native Brazil Boff traces the economic and metaphysical ties that bind the fate of the rain forests with the fate of the indigenous peoples and the poor of the land He shows how liberation theology must join with ecology in reclaiming the dignity of the earth and our sense of a common community part of God's creation To illustrate the possibilities Boff turns to resources in Christian spirituality both ancient and modern from the vision of St Francis of Assisi to cosmic christology *Christ Among the Classes* Tizon, Al, 2023-05-04 An examination of how Jesus addressed inequality between rich and poor and implications for Christian practice today

Mutuality Dawn M. Nothwehr, 2005-07-25 By selecting as her focus mutuality Nothwehr brings to the fore an issue of perennial importance in Christian social ethics that of power As she shows feminist theology invites religious ethicists to reconceive normative questions of power from the vantage point of its dynamic mutual sharing a sharing that encompasses not only individual relations but society and the natural world She also demonstrates how attention to relations of mutuality sheds light on the spectrum of classical Christian theological and moral topics revealing dimensions of our traditions that standard assumptions about power as domination tend to obscure Christine Firer Hinze Associate Professor of Theology Marquette University This book allows mutuality to take its rightful place along with love and justice in Christian social ethics Written with great clarity with excellent scholarship and with the thinking of key historical figures in mind this book focuses on the thinking of four contemporary Christian feminists Beverly Wildung Harrison Carter Heyward Elizabeth Johnson and Rosemary Radford Ruether to show that mutuality is at the heart of ethics But it does more It shows that mutuality at the heart of the human at the heart of the divine and at the heart of the meeting between the two John J Shea visiting Associate Professor of Pastoral Care and Counseling Boston College Dawn Nothwehr employs a corrective category mutuality At first blush the term would seem too tender and nebulous to address the splits in our consciousness but this theologian brings well informed care to its definition It becomes in her hands a critical tool which can do healing surgery on many foundational categories of Catholic theology and indeed on much of modern thinking beyond the pale of Catholicism Mutuality calls attention to the essential interdependency of all that is in our cosmos Daniel C Maguire Professor of Theological Ethics
