Secretary of State's granddaughter has gone missing in London and it falls to Ingrid to find the teenager. There's something about girls who disappear from view that gnaws at Ingrid that makes her care more than she should that makes her lose perspective and take unnecessary risks. It's Ingrid's first time in London; she's only in town to train the Metropolitan Police so she needs some local knowledge. She is reluctantly paired with a suave good-looking and arrogant secret intelligence operative who leads her through the city's back alleys and corridors of power. He's charismatic and dynamic but when his methods become dangerously unconventional, the two of them clash in more ways than one.

FRESH DOUBT Madison Faber, a brilliant psychology student at a prestigious London college, has discovered her friend's body in a pool of blood. Now she's in police custody, being questioned for murder. Protesting her innocence, Faber fears the killer will target her next and persuades Ingrid to hunt him down. But the deeper Ingrid digs, the deadlier the case gets. And when she uncovers a sinister group operating within the psychology department, Ingrid is in far more danger than she realizes. Up against the clock and disobeying strict FBI protocols, Ingrid's obsession to bring the killer to justice takes her far beyond the law. So far she may never get back.

KILL PLAN A banker is found dead at his desk in the City of London. Then a heavily tattooed body washes up in the Thames. Now someone is after Ingrid. At first, these crimes seem unrelated, but they are all the work of an audacious serial killer working on both sides of the Atlantic. Special Agent Ingrid Skyberg, the FBI's criminal investigator in London, is one of the toughest agents ever to come out of Quantico. She's resilient, resourceful, and a bit of a renegade, but she's never been tested like this before. With no help from her colleagues at the US embassy, Ingrid is running out of time to unmask the killer before he strikes again. But she can only do that if she can stay alive.

DEEP HURT Ingrid Skyberg joined the FBI to bring one man to justice, the man who abducted her best friend when she was fourteen. It's been eighteen years, and she's never stopped looking for him or for the friend who has never been seen since. Today's the day she's finally going to get some answers. But before she gets the phone call she's always dreaded, Ingrid, the FBI's criminal investigator in London, receives orders from the Pentagon to track down a pilot who has gone AWOL from a US Air Force base in rural Suffolk. Accused of murdering his baby daughter, he's now abducted his eight-year-old son and gone on the run. Ingrid is forced to team up with an obnoxious military police officer who's more concerned with the military's reputation than finding the pilot. But with his PTSD making him unstable, Ingrid must act fast to stop the pilot, do something no one will forgive him for.

A terrifying turn of events lands Ingrid in the greatest danger just as haunting memories from the past threaten to engulf her.

PLUS 4 gripping short stories. If you love strong female heroines and thrillers with a twist, the Ingrid Skyberg Thrillers series is just what you've been waiting for.

Phobos & Deimos John Moehl,2016-08-10 Many of us live dual lives as though we live in two worlds This divergence is perhaps greatest for those embedded in what may be called multiculturalism Multicultural people with their unique life experiences are migrating around the globe carrying their own baggage while they face the demands of living in new and strange lands The short stories in this collection look at the daily tests facing people frequently in Africa as they struggle to survive often in a rapidly changing world These observations are made through the lens of an outsider someone from a different culture with different habits seeing and learning how these trials are met seeing and learning that people regardless of ethnicity share a common humanity that makes taking these tests poignant and at times a true reflection of the human condition The stories focus on farmers and families business and traditional leaders the poor and the rich as they move through life s pathways not knowing the changes in store for tomorrow The stories tell tales of sadness and success while underscoring the common denominators we all share The stories may be seen as representing a different world but they most likely represent the whole world
