A History of Fort Worth in Black & White Richard F. Selcer, 2015-12-15 A History of Fort Worth in Black White fills a long empty niche on

the Fort Worth bookshelf a scholarly history of the city's black community that starts at the beginning with Ripley Arnold and the early settlers and comes down to today with our current battles over education housing and representation in city affairs The book's sidebars on some noted and some not so noted African Americans make it appealing as a school text as well as a book for the general reader Using a wealth of primary sources Richard Selcer dispels several enduring myths for instance the mistaken belief that Camp Bowie trained only white soldiers and the spurious claim that Fort Worth managed to avoid the racial violence that plagued other American cities in the twentieth century Selcer arrives at some surprisingly frank conclusions that will challenge current politically correct notions

International Monetary Fund. Fiscal Affairs Dept., 2018-11-29 Brazil is the largest country in Latin America with a varied geography and a population of over 200 million spread across 26 diverse states generating wide ranging infrastructure needs Over the decades many government investment initiatives have been launched to address these needs however there remains

a significant infrastructure gap in Brazil which continues to hamper growth potential Over the past two decades public investment has been considerably below the regional and income group averages and this has translated into much lower capital stock Public investment averaged around 2 percent of GDP during the period 1995 to 2015 compared with 6.4 percent for Emerging Market Economies (EME) and 5.5 percent for Latin American Countries (LAC) As a result public capital stock in 2015 was only 35 percent of GDP compared with an average of 92 for EME and 87 for LAC Higher Education
