

## **ESOL 5361/5362 Study Guide**

This was made by a teacher for teachers who intend on taking the 5362 ESOL praxis in the near future. This study guide honed over taking many practice tests and many hours of studying. With the first draft of the study guide, I was able to score a 180 on the praxis. Knowing this study guide thoroughly, I was able to complete the 120 question test in 1 hour and 10 minutes. Leaves time to spare for double checking answers. After the praxis was taken, I began putting on more vocabulary to help teachers have a better chance at passing this hard test the first time. This is the most complete study guide that you could find that will quickly and easily teach you what you need to pass.

### **QUICK TIPS:**

- Other than the tradition tips; eat, sleep, study, here are some other tips.
- Pay attention to what level the student is in the question. If you study the graphic organizer in this study guide, you will be able to pick the best answer based on that.
- Know your theories/theorists and court cases.
- They have you listen to a few students reading, and will use the symbols in another chart below. The favorite includes the "th" symbols. Know the difference between them.
- Know your parts of speech. They ask what is wrong with the grammar/parts of speech and you will need these.
- Many of these vocab words and phrases were on the test I took before I knew about the test. I have not offered questions or anything else not able to be found freely on the praxis website, and will not as it is against the document signed at the beginning of the test.
